## Quality System Compliance

This certificate confirms that the product has been sourced from a supplier or manufacturer who has declared their Quality Management System (QMS) complies with **ISO 9001:2015 & ISO 13485:2016**.

## QC Testing

Representative products samples are collected and inspected in accordance with current applicable QC requirements.

| Test Name   | Test Reference | Accuracy                        | Result           |
|-------------|----------------|---------------------------------|------------------|
| Leak Test   | QWI-QC-03      | General Insp. Level-1, AQL -1.5 | PASS             |
| Dimensional | QSF-QCIR-02    | General Insp. Level-1, AQL -1.5 | Within tolerance |

## Product Specifications

|                      |                                                                                                                             |
|----------------------|-----------------------------------------------------------------------------------------------------------------------------|
| <b>Material</b>      | 100 % Virgin <b>Body Material:</b> Polyethylene Terephthalate Glycol<br><br><b>Cap material:</b> High Density Polyethylene. |
| <b>Sterilization</b> | Products are Gamma irradiated as per ISO 11137 and meets SAL 10 <sup>-6</sup> .                                             |
| <b>ATP Assay</b>     | Not Applicable.                                                                                                             |

|                                |                                                                                                                                                                                                                                                                                                                                                                      |
|--------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>DNase &amp; RNase Free</b>  | The product is free of any detectable DNase/RNase contamination.                                                                                                                                                                                                                                                                                                     |
| <b>BSE/TSE</b>                 | No use of any raw material produced from or substances derived from animal origin. The manufacturing process of the product does not use any ingredient of animal origin and no material derived from or exposed to animals affected by or under quarantine for transmitting Animal Bovine Spongiform Encephalopathy/Spongiform Encephalopathy (BSE)/(TSE).          |
| <b>Cytotoxicity</b>            | Products are free of cytotoxicity effects.                                                                                                                                                                                                                                                                                                                           |
| <b>Non-Pyrogenic Statement</b> | Products are free from pyrogen.                                                                                                                                                                                                                                                                                                                                      |
| <b>Latex Statement</b>         | The products are not made from natural rubber latex.                                                                                                                                                                                                                                                                                                                 |
| <b>BPA Statement</b>           | Not Applicable.                                                                                                                                                                                                                                                                                                                                                      |
| <b>DEHP Statement</b>          | Please see RoHS information below.                                                                                                                                                                                                                                                                                                                                   |
| <b>RoHS</b>                    | No substances (Lead, Cadmium, Mercury, Hexavalent Chromium (Cr6+), Poly Brominated Biphenyls (PBB), Poly Brominated Diphenyl ethers (PBDE), Bis(2-Ethyhexyl) Phthalate (DEHP), Benzyl Butyl Phthalate (BBP), Dibutyl Phthalate (DBP), Diisobutyl Phthalate (DIBP)) are used in manufacturing the raw materials and final product. No routinely analyse is performed. |
| <b>REACH Statement</b>         | No substances as listed on >Substance of Very High Concern< candidate list are used in manufacturing of the raw materials used to produce this product. No routinely analyse is performed.                                                                                                                                                                           |
| <b>Storage Conditions</b>      | Product to be kept in a cool, dry rack at room temperature. The product should not be exposed to the sunlight or extreme temperatures.                                                                                                                                                                                                                               |
| <b>Shelf Life</b>              | 5 years.                                                                                                                                                                                                                                                                                                                                                             |

Disclaimer: VWR's Quality Management System (QMS) is ISO 9001:2015 certified as a wholesale distributor of finished products, ensuring effective oversight of finished product handling, traceability, and distribution processes. VWR is not a manufacture and does not engage in manufacturing, co-manufacturing or processing activities such as design, packaging, labeling, testing or quality release. Consequently, the supplier or manufacturer's QMS certification may differ from VWR's.

VWR states that this declaration will not discharge the user from their obligation to ensure the product is suitable for the intended use. This product is intended for research use only. It is not for use in diagnostic procedures, therapeutic applications, or any human or clinical use.
