4561

ZORB-IT

Engineered to endure, SHOWA 4561 combines DuPont™ Kevlar® cut-resistance with Zorb-IT® oil grip to deliver cut, abrasion and flame resistance, without sacrificing comfort or grip. Utilizing SHOWA's renowned ergonomic design, 4561 naturally contours to your hand for maximum precision and dexterity.

BENEFITS

- High cut and abrasion resistance
- Kevlar® liner is inherently flame resistant
- Lightweight, breathable liner allows warm air and moisture from inside to escape, keeping your hands dry and comfortable
- Zorb-IT foam nitrile palm finish absorbs oil to increase grip and durability in oily environments
- Ergonomically designed to replicate the hand's natural curves for easy movement and comfortable, continuous wear
- Seamless knit liner increases dexterity

FEATURES

- 15-gauge engineered liner made with Kevlar®
- ANSI Cut Resistance Level A4
- Sponge nitrile palm finish
- Ergonomic design
- Lightweight, seamless knit

LINER:
Kevlar

LENGTH:
220 - 260mm

GRIP:
Sponge

COLOR:
Yellow/black

COATING:
Nitrile

ISO CUT RESISTANCE:
D

INDUSTRIES

Logistics, Glass and Glazing, Mechanical, Metallurgy, Construction, Automotive
