CERTIFICATE OF COMPLIANCE

Company Name: VWR

Minigrip Part#: MGZ2P1215

Manufacturing Date: May 19, 2024

Lot#: 220404

Description of Product:

- **Minigrip® Reloc Zippit™** Reclosable Zipper Bag
- 12" wide x 15" long (tolerance +/- 0.125")
- 2 mil gauge (+/- 10%)
- Additional: Clear Plastic, No Print, Clear Zipper.

Standard/Specifications: Minigrip certifies that the above materials are manufactured from resins made from olefin polymers and specifically, virgin polyethylene resins (LDPE, LLDPE) that can be used in contact with food and drugs in accordance with FDA 21 CFR 177.1520. The above materials are also manufactured with additives made from materials and processes regulated according to FDA 21 CFR 175.300, 177.1200, 177.1350 and other sections and can be used for food and drug contact applications. USDA requirements for approval of materials used in contact with food and drugs are satisfied by FDA compliance with the above regulations. All components of Minigrip re-closable zipper bags are manufactured with components that are GRAS and generally regarded as safe for use with food and drug contact applications. Our products do not contain any heavy metals, nor does the packaging.
