

Human Liver

KEYCARD

- | | |
|-------------------------------------|------------------------------------|
| 1. Right lobe | 13. Duodenal impression |
| 2. Left lobe | 14. Quadrate lobe |
| 3. Inferior vena cava | 15. Tuber omentale |
| 4. Gall bladder | 16. Gastric impression |
| 5. Attachment of falciform ligament | 17. Hepatic artery proper |
| 6. Caudate tube | 18. Portal vein |
| 7. Caudate process | 19. Bile duct |
| 8. Non peritoneal surface | 20. Papillary process |
| 9. Supra renal impression | 21. Fissure for ligamentum venosum |
| 10. Coronary ligament | 22. Falciform ligament |
| 11. Renal impression | 23. Oesophageal groove |
| 12. Colic impression | 24. Right triangular ligament |
| | 25. Left triangular ligament |
