Technical sheet

Kit Quick-TB

Code product: 361560-0000

Composition:

• **Carbolic Fuchsin RAL**	Code: 365240-0125	1 x 125 ml
• **Armand Solution**	Code: 3601002A125	1 x 125 ml

Applications:

Bacteriology:
Staining with Kit Quick-TB allows to detect mycobacteria, also called A.F.B. (Acid-Alcohol-Fast Bacilli) through a cold and fast staining technique.
Carbolic Fuchsin RAL stains mycobacteria pink.
Armand Solution stains the background of the preparation blue.
