

SATWipes® Nonwoven Wipes, IPA

Saturated wipes in center-pull dispenser

Description

The SATWipes C3 consists of a perforated roll of saturated wipes which are dispensed through a center-pull canister. The wipes consist of 100% nonwoven polyester fabric that is hydraulically entangled creating a soft, durable, and clean wipe that reduces solvent use by up to 35%. The saturation of 100% alcohol provides a safe cleaning solution. Packaged with refill packs and a resuable pop-up dispenser, eliminating the need for solvent bottles and reduces solvent handling.

Technical Data
