

Using this box enables better organization and perfect inventory management. Choose this box for all your storage needs. With external dimensions of 334x190x110 mm, this box is suitable for storing a variety of products.

With a capacity of 5 liters, it can be used for storing or transporting various items. Made of polypropylene, this box is both sturdy and completely transparent. As a result, it ensures the proper placement of your products of different sizes. The lid provides constant protection for the contents.

PRODUCT ADVANTAGES

- **Secure** : The box's lid ensures constant protection of the contents, safeguarding products from dust, moisture, and other external contaminants.
- **Practical** : Its transparency makes it ideal for storing a variety of products, making it versatile for multiple applications, whether for storage or transport.
- **Durable** : Made of polypropylene, it is resistant to temperature variations, moisture, and impacts.
- **Hygienic** : The solid and smooth walls allow for quick drainage of liquids.
