Article description

Screw-caps with lip seal, GL 45, PP, blue, for DURAN® laboratory glass bottles with DIN thread

The articles listed under "article number" are hereby confirmed to have been produced using a quality system conforming to ISO 9001 and comply with the DWK Life Sciences quality standards.

RoHS Directive 2011/65/EU (incl. amendment 2015/863/EU)

We confirm that none of the chemicals listed in the European Directive 2011/65/EU for the Restriction of Hazardous Substances in Electrical and Electronic Equipment (RoHS 2), incl. amendment 2015/863/EU (RoHS 3) have been used in the manufacturing of the product listed above, in amounts that exceed the specified limits:

Substance	Limit (homogeneous material)
Cadmium(Cd)	0.01%
Mercury (Hg)	0.1%
Lead(Pb)	0.1%
Hexavalent chromium (Cr6+)	0.1%
Polybrominated biphenyls (PBB)	0.1%
Polybrominated diphenyl ethers (PBDE)	0.1%
Bis(2-Ethylhexyl) phthalate (DEHP)	0.1%
Benzyl butyl phthalate (BBP)	0.1%
Dibutyl phthalate (DBP)	0.1%
Diisobutyl phthalate (DIBP)	0.1%

We hereby confirm that the product listed above is RoHS compliant.

Statement on compliance with REACH Regulation (EU) No. 1907/2006

According to the current state of knowledge, the product listed above complies with the requirements of REACH Regulation (EU) No. 1907/2006 and does not contain any of the currently listed Substances of Very High Concern (SVHC list dated: 25 June 2020) in concentrations above 0,1% weight-by-weight (w/w).

Declaration regarding Conflict Minerals

With respect to the Dodd-Frank Wall Street Reform and Consumer Protection Act, we hereby confirm that the raw material of the above mentioned product does not contain any of the so-called Conflict Minerals as defined in Sec. 1502 of said Act.

- Gold
- Tungsten
- Tantalum
- Tin

We cannot exclude the possibility that traces of these elements may be present, but below the limits of detection.

California Proposition 65

PP Material

The above mentioned materials complies with the requirements of California Proposition 65 and does not require a warning statement under normal use conditions.

Blue Masterbatch

Based on the current formulation of the above mentioned material, we inform you that its formulation contains:

- Titanium Dioxide embedded in a polymer. California Proposition 65 mentions Titanium Dioxide in the form of airborne, unbound particles of respirable size.
- Traces of n-hexane which is mentioned in California Proposition 65

Any other substances mentioned in California Proposition 65 are not used as starting materials but, on the basis of our current knowledge, we cannot give you any warranty they are not constitutionally contained (or are present at level of ubiquitous traces) in raw materials. Please note that, in any case our Company does not carry out any specific analysis in order to detect the presence of the above mentioned substances.
