MICRO-TOUCH® NITRA-TEX™ E.P.

Performance Series

Nitrile, powder-free, extended-cuff medical exam glove with strong barrier protection

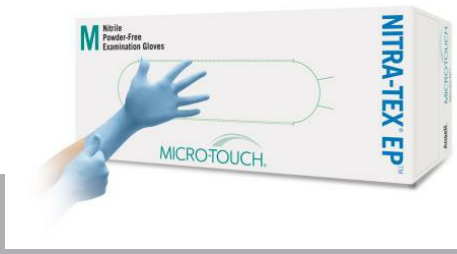

- **Comfortable fit:** This non-sterile glove is made from a softer synthetic formulation for a more comfortable fit and feel, and offers high tear resistance for optimal protection
- **Easy donning:** The inner chlorinated surface guarantees easy donning
- **Extended protection:** With its extended cuff, this glove is suitable for scenarios where additional wrist protection is required
- **Chemical resistance:** These gloves have excellent resistance to a broad range of commonly used chemicals
- **Reduced allergy risk:** These nitrile gloves also protect from latex Type I allergies
- **Specialized protection:** Tested and approved for use with chemotherapy drugs*

*see product packaging for details

Recommended For

- Extra protection over the wrist and arm
- Sustained, high-risk examination procedures
- Environmentally friendly facilities
- Tested for use with chemotherapy drugs
- Protection from Type I latex allergy in HCW's or patients

FEATURED TECHNOLOGIES

MICRO-TOUCH® Everyday, Everywhere Protection

MICRO-TOUCH® premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.
