Product Description

KleenGuard® A40 Light Duty Overshoe. Single-use overshoe/boot constructed using the A40 anti-static base sheet, improves safety and comfort in high-risk areas, protects against water-based splashes, liquids or dust particles and provides general protection. Ideal for: keeping footwear clean and covered; helping to reduce contamination in food processing and light industrial areas; protecting safety footwear from splashes and spills in heavier industrial areas. Available as: clean, white, breathable, non-absorbent, elasticated one-size overboots or overshoes. 1 x 200 white overshoes, universal, (200 total)Kimberly-Clark Professional™ personal protective equipment is only intended for occupational workplace use and must be used in compliance with all applicable health and safety laws and standards in addition to all user instructions, warnings and limitations accompanying each product. It is essential all product user instructions and laws and regulations on the use of each product be followed in order for the product to help protect the wearer. Misuse of personal protective equipment may result in injury, sickness, or death. For correct product selection and use, individuals should seek occupational health and safety advice from a suitably competent person. This product is suitable for sale in the EU.Individual units should not be sold separately.
