

This professional plastic case is equipped with a double foldable handle and two high-quality clasps.

Made of thick polypropylene, it supports substantial loads and is impact-resistant. Additionally, this plastic presentation case features hinges with a steel rod and excellent stability due to its four studs.

Logos, markings, and communications are possible through screen printing or stickers thanks to the smooth surfaces of the cases.

PRODUCT ADVANTAGES

- **Durable** : solid and compact, the case is made of polypropylene, making it very sturdy.
- **Practical** : the case opens to 180° and has feet for better stability in a vertical position. The double foldable handle offers a good grip while saving space.
- **Secure** : the case locks efficiently with two thick black clasps and can be padlocked at two points..
- **Customizable** : logos, markings, and screen printing available on request and in bulk quantities.
