

Cat. No. : ZM 0014

AMOEBA PROTEUS

KEYCARD

- | | |
|---------------------------------------|---------------------------------|
| 1. Pseudopodia | 13. Crystals |
| 2. Extended pseudopodium | 14. Water globules |
| 3. Retracting pseudopodium | 15. Food |
| 4. Hyaline cap | 16. Food vacuole |
| 5. Region of gelation (Fountain zone) | 17. Undigested food |
| 6. Plasmolemma | 18. Undigested food pushing out |
| 7. Hyaline ectoplasm | 19. Contractile vacuole |
| 8. Sheer zone | 20. Pinocytosis channels |
| 9. Granular ectoplasm | 21. Pinocytosis vesicles |
| 10. Axial endoplasm | 22. Nucleus |
| 11. Cytosomes | 23. Nuclear membrane |
| 12. Ribosomes | 24. Nuclear reticulum |
| | 25. Nucleoli |
| | 26. Nucleoplasm |
