

Certificate of Conformity

VWR Catalogue Number	548-7010A
Description	11mm PFAS PE snap ring cap, light-green, with hole, silicon white/transparent polypropylene, for PFAS analysis
Lot Number	9035097
Country of Origin	Manufactured in Germany
Date of Issue (yyyy-mm-dd)	2026-06-24

Quality System Compliance

This certificate confirms that the product has been sourced from a supplier or manufacturer who has declared their Quality Management System (QMS) complies with [ISO 9001:2015](#).

QC Testing

Representative products samples are collected and inspected in accordance with current applicable product specifications.

Visual Inspection: No deformation, contamination, enclosure.

Product Specifications

Material	Polypropylene, Silicon white/Polypropylene transparent.
Sterilization	Non-Sterile.
ATP Assay	The product does not contain ATP.
DNase & RNase Free	This product is free of any detectable DNase/RNase contamination.
BSE/TSE	No use of any raw material produced from, or substances derived from animal origin. The manufacturing process of the product does not use any ingredient of animal origin and no material derived from or exposed to animals affected by or under quarantine for transmitting Animal Bovine Spongiform Encephalopathy/Spongiform Encephalopathy (BSE)/(TSE).
Cytotoxicity	This product is free of cytotoxicity effects.

Non-Pyrogenic Statement	Not applicable.
Latex Statement	This product is not made from natural rubber latex.
BPA Statement	Bisphenols are not used in the manufacture of the raw material and are not expected to be present.
DEHP Statement	Please see RoHS information below.
RoHS	The European RoHS Directive 2015/863/EU on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment, Annex II published in 2015 amending Directive 2011/65/EU, affects all companies producing, importing, using, or placing products on the European Union market. The aim of the RoHS regulation is to establish rules on the restriction of the use of hazardous substances in electrical and electronic equipment (EEE) with a view to contributing to the protection of human health and the environment, including environmentally sound recovery and disposal of EEE waste. Based upon a material analysis performed on of the materials of construction product does not contain hazardous substances restricted in Annex II of EU RoHS Directive 2015/863/EU.
REACH Statement	The European REACH Regulation 1907/2006 on Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH), Annex XVII entered into force in June 2009, and affects all companies producing, importing, using, or placing products on the European market. The aim of the REACH regulation is to ensure a high level of protection of human health and the environment from chemical substances. 1. Regulation (EC) No. 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH). a. Substances of Very high Concern (SVHC's) Referring to the latest update (Dec. 2011) of the ECHA candidate list we can confirm this product does not contain ingredients, which are classified as Substances of Very High Concern. b. All products we deliver to you, correspond to the obligations of the REACH- regulations. c. None of these products contain chemicals, which are classified as Substances of

Very High Concern (SVHC = Substances of Very High Concern) with a concentration higher than 0,1% corresponding to the EU candidate list (ECHA-list).

2. Commission Regulation (EC) No. 552/2009 of 22 June 2009 amending Regulation

(EC) No. 1907/2406 of the European Parliament and of the Council on the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) as regards Annex XVII

- a. We confirm the abidance of the regulation (EG) 552/2009. (Attachment XVII).

3. European Parliament and Council Directive 94/62/EC of 20 December 1994 on packaging and packaging waste

We confirm that our Vials and Closure products correspond to the regulations 94/62/EG of the European parliament and the council of the 20th December 1994 for packaging and packaging waste (and the changes RL2004/12/EC, RL2005/20/EC). Our suppliers confirmed the observance of the limits of the EU directive 94/62/EG. The limits of 100ppm for the total of lead, cadmium, mercury and hexavalent chromium will not be reached.

Storage Conditions

Dry, protected from light and standard warehouse temperature.

Shelf Life

2 years, conditions: store clean, dry, and protected from light at normal storage temperature.

Disclaimer: VWR's Quality Management System (QMS) is ISO 9001:2015 certified as a wholesale distributor of finished products, ensuring effective oversight of finished product handling, traceability, and distribution processes. VWR is not a manufacture and does not engage in manufacturing, co-manufacturing or processing activities such as design, packaging, labeling, testing or quality release. Consequently, the supplier or manufacturer's QMS certification may differ from VWR's.

VWR states that this declaration will not discharge the user from their obligation to ensure the product is suitable for the intended use. This product is intended for research use only. It is not for use in diagnostic procedures, therapeutic applications, or any human or clinical use.
