Shelf Life and Fitness for Use: Product testing, customer feedback, and history of similar products, support a customer performance expectation of the EUL (Estimated Usable Life) from the date of receipt for this product as long as this product is stored in its original packaging in an environment below 80°F (27°C) and 60% RH. However, it remains the responsibility of the user to assess the risk of using such product. We encourage customers to develop functional testing protocols that will qualify a product's fitness for use, in their actual applications.
