

BSE TSE STATEMENT

VWR* DISPOSABLE SPATULAS

This document certifies that the below product meet the following criteria:

North American Catalog N°:	80081-192
Description:	VWR SPATULA PP DISP GRN PK150
Lot number :	20120901

The above mentioned product is manufactured under contract in China in a facility that also manufactures plastic products for food contact applications.

The manufacturing process includes High heat extrusion, a proprietary method for cutting both ends of the spatula to create the spoon/scrapper end and the narrow scoop end, and lastly, treatment in "blue light" room prior to packaging. All employees handling the product wear lab coats, gloves, masks and hairnets. However, the above referenced product is NOT sold as sterile.

The specification for the plastic used in this product is 100% Virgin Food Grade Polypropylene And, No raw materials that contain, or are derived from, animals are specified in the manufacture of this product.

The manufacturing process meets FDA standards for plastics coming in contact with food.

Quality control for the product is performed upon receipt of each batch. The product referenced in this certificate conforms to the specifications supplied to the manufacturer.
