

Biology

From the highest quality living and preserved specimens to the widest selection of media, microscope slides, and more, we have more options for your biology classroom than anywhere else.

Instruments and Tools Included in this Kit:

- 12 Packets of color-coded model components containing:
 - 36 white tubes, 10 Adenine (orange tubes)
 - 3 Amino acids with R group
 - 8 Cytosine (blue tubes)
 - 36 Deoxyribose sugars (black)
 - 8 Guanine (yellow tubes)
 - 18 Hydrogen bonds (white rods)
 - 2 Peptide bonds (gray tubes)
 - 9 Ribose sugars (purple)
 - 1 Ribosome
 - 10 Thymine (green tubes)
 - 3 tRNA (purple)
 - 5 Uracil (purple tubes)
- 24 Student Worksheets and Guides, Part I and II
- 1 Teacher's Guide
