SPOON 25ML PS STERILE

Each one-piece spoon is sealed in a polyethylene bag, ready for use. All spoons are lot traceable. 25 per box
Use to sample bulk materials, semi-solids or viscous liquids
• Holds 25cc (0.8oz)
• Individually packaged and sterilized for disposable, one time use
• Long 254mm (10") handle reaches into containers and keeps hand away from sample
• Light weight and smooth polystyrene construction cleans easily
