

Certificate of Conformity

VWR Catalogue Number	548-0145A
Description	VWR®, Separate Snap-cap PE ND18, transparent, closed
Country of Origin	Manufactured in Germany
Date of Issue (yyyy-mm-dd)	2024-06-24

Quality System Compliance

Products are manufactured under the **ISO 9001:2015** standard. Products are inspected and controlled through whole production processing in accordance with current applicable product specifications and QC SOP.

QC Testing

Representative products samples are collected and inspected in accordance with current applicable product specifications.

Visual Inspection: No deformation, contamination, enclosure.

Product Specifications

Material	Polypropylene.
Sterilization	Non-Sterile.
ATP Assay	The product does not contain ATP.
DNase & RNase Free	This product is free of any detectable DNase/RNase contamination.
BSE/TSE	No use of any raw material produced from, or substances derived from animal origin. The manufacturing process of the product does not use any ingredient of animal origin and no material derived from or exposed to animals affected by or under quarantine for transmitting Animal Bovine Spongiform Encephalopathy/Spongiform Encephalopathy (BSE)/(TSE).
Cytotoxicity	This product is free of cytotoxicity effects.
Non-Pyrogenic Statement	Not applicable.
Latex Statement	This product is not made from natural rubber latex.

BPA Statement	Bisphenols are not used in the manufacture of the raw material and are not expected to be present.
DEHP Statement	Please see RoHS information below.
RoHS	The European RoHS Directive 2015/863/EU on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment, Annex II published in 2015 amending Directive 2011/65/EU, affects all companies producing, importing, using, or placing products on the European Union market. The aim of the RoHS regulation is to establish rules on the restriction of the use of hazardous substances in electrical and electronic equipment (EEE) with a view to contributing to the protection of human health and the environment, including environmentally sound recovery and disposal of EEE waste. Based upon a material analysis performed on of the materials of construction product does not contain hazardous substances restricted in Annex II of EU RoHS Directive 2015/863/EU.
REACH Statement	The European REACH Regulation 1907/2006 on Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH), Annex XVII entered into force in June 2009, and affects all companies producing, importing, using, or placing products on the European market.
