

|                      |                                             |
|----------------------|---------------------------------------------|
| Material             | FOR0063AF59001                              |
| Material description | Formaldehyde 4 % aqueous solution, buffered |
| Grade                | Q path® rose-coloured                       |
| CAS Number           | 50-00-0                                     |
| Molecular formula    | HCHO                                        |
| Molecular mass       | 30.03                                       |

| Characteristics | Specifications |
|-----------------|----------------|
| Appearance      | Pink liquid    |
| Formaldehyde    | Passes test    |
| Density (20/4)  | 1.012 - 1.014  |
| pH (20°C)       | 6.8 - 7.2      |

## Signature

We certify that this batch conforms to the specifications listed above.

This document has been produced electronically and is valid without a signature.
