

The Multiroir TBS range consists of 5 models of different sizes. Assembly of the units is facilitated by dovetail joints on each side, allowing them to be combined to create storage solutions tailored to specific needs. Each Multiroir TBS unit shares the same slide size, enabling seamless combination.

The Multiroir TBS features anti-fall stops and offers the option to add removable dividers inside. The grey units are made from highly durable plastic. Additionally, each transparent drawer is equipped with a label holder.

References A, B, C, and D come automatically with removable dividers.

PRODUCT ADVANTAGES

- **Modularity** : With 5 different-sized models available, the range allows for combining units using dovetail joints on each side, offering a customizable storage solution tailored to your specific needs.
- **Optimized organization** : The option to add removable dividers inside the drawers enables even more precise and efficient organization of contents.
- **Secure** : each drawer is equipped with an anti-fall stop, ensuring that the drawers remain in place and do not fall during use.
