

5 January 2026

Dear Valued Customer,

This letter is in response to your request for information concerning the following Corning® products:

431253 Corning® 3 L disposable Fernbach culture flask, baffled bottom, easy grip vent cap w/
liner

BSE/TSE

The products referenced above comply with the requirements of *Note for Guidance on Minimizing the Risk of Transmitting Animal Spongiform Encephalopathy Agents via Human and Veterinary Medicinal Products* (EMA/410/01 Rev 3). This statement is accurate because:

- a) The components of these products are not manufactured from and do not come into contact with material of animal origin, and/or
- b) Any animal-derived material used in the manufacture of these products has been processed per the specific conditions of section 6.4 of EMA/410/01.

Please contact Scientific Support at 1-800-492-1110, opt. #3 or email scientificsupport@corning.com if you have any questions.

Sincerely,

Kyle Reiss
