

Absorbents & Spill Kits

**CLEAN,
SAFE &
COMPLIANT
SOLUTIONS.**

WHY PIG?

DIFFERENCE AS → USUAL

At New Pig, we've always done things a little differently, and that difference is making an impact in workplaces across the world. The mat that absorbs anything and works everywhere is trusted in more workplaces than any other — the #1 brand worldwide! Not only do our mats last 2X longer than the competition, they also perform in the most demanding environments and soak up leaks, drips and big spills of anything from sulfuric acid to water to oil. We have the biggest selection of absorbents available and even offer custom options according to your needs.

Mats may be our claim to fame, but we've created a full range of innovative solutions to all of the challenges of your workplace. More than 2,700 PIG products are used in more than 300,000 industrial, commercial, utility, institutional and government facilities in over 100 countries. Offering "the world's best products for leaks, drips and spills" isn't just a tagline, it's our mission!

THE WORLD'S #1 BRAND

PIG has earned this reputation as a workplace leader by solving leak and spill problems simply, efficiently and cost-effectively. Fisher Scientific is proud to offer PIG products directly to you!

HIGHEST QUALITY ON THE MARKET

There's the cheap way, then there's the PIG way. Each PIG product is carefully designed and manufactured without compromise, so you always get the best you can buy.

PERFORMANCE YOU CAN RELY ON

Every PIG product is made to deliver even under the most extreme conditions, so you can be sure they'll work the first time — and every time.

EASY TO USE

PIG products are designed to make your job easier. Every page of this catalog is filled with solutions that are tailor-made to handle the everyday problems of your workplace.

**ASK YOUR VWR REP TO SHOW YOU HOW
TOP-QUALITY PIG PRODUCTS CAN WORK
FOR YOU!**

KEEP YOUR FACILITY AND YOUR ENVIRONMENT CLEANER. SAFER. BETTER. WITH THE POWER OF PIG!

Keeping your facility clean, safe and compliant is a tough job. When you're going up against industrial hazards like acid baths, oil-slicked floors and runaway spills, you need products you can trust to get the job done right. New Pig has developed a full range of tools that help you redefine what a clean, safe and sustainable workplace can be. You'll feel confident using the world's best stuff to battle your facility's worst!

HAZMAT ABSORBENTS

Specially treated to absorb most acids, bases, corrosives and chemicals.

World's
#1
Absorbent
Brand

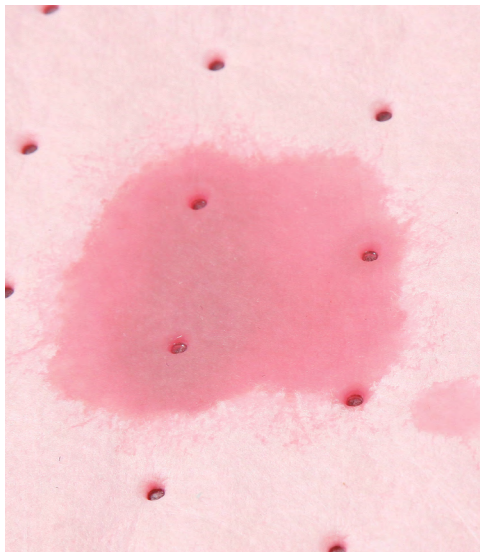

WHAT IS HAZMAT?

PIG HazMat Absorbents are specially treated to soak up spills without degrading or reacting to corrosive liquids including:

- Sulfuric acid
- Nitric acid
- Phosphoric acid
- Potassium hydroxide
- Hydrochloric acid
- Hydrofluoric acid
- Sodium hydroxide
- Hydrogen peroxide

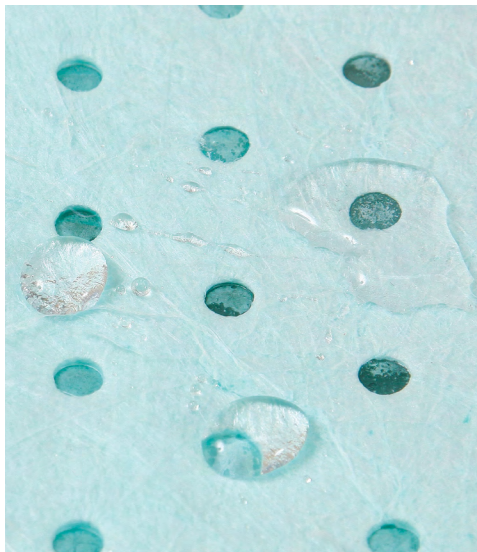

ACID SPILLS? THINK PINK.

PIG HazMat outperforms the competition:

OURS

PIG HazMat completely absorbs 98% sulfuric acid.

THEIRS

Highly concentrated corrosives just puddle on top.

LOOK WHERE CUSTOMERS ARE USING PIG HAZMAT:

- Labs
- Research and development departments
- Surrounding drums in chemical storage areas
- Around dip tanks
- Around battery packs
- Finishing departments
- Boiler rooms

Absorb acids, bases and chemicals with the World's #1 Brand.

STRONGEST MAT ON THE MARKET

Multilayer layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market. It won't rip, tear or fray, even when saturated.

OUTPERFORMS THE COMPETITION

Only PIG HazMat Absorbents are built to handle the worst of the worst. Highly corrosive liquids like 98% sulfuric acid and 30% sodium hydroxide can cause inferior cellulose mats, socks and pillows to degrade or react. But PIG HazMat is specially treated to absorb high concentrations of chemicals.

THE CLEAR CHOICE

Pink color is easily distinguishable to ensure workers use the correct mat during a spill emergency.

**SPECIALLY TREATED TO
ABSORB HIGHLY
CORROSIVE LIQUIDS.**

HAZMAT PADS & ROLLS

Specially treated to absorb highly concentrated corrosives.

PERFECT FOR DRIPS AND SPILLS

Line counters and workbenches as a precaution to catch drips when working with acids, bases and unknown liquids or keep mat on hand for quick response to bigger spills.

USE LESS MAT AND SAVE MONEY

Pads and rolls include easy-tear perforations so you can select the perfect length of absorbent mat for your application. Rolls are ideal for covering large areas.

CHOOSE LIGHT OR HEAVYWEIGHT

Select lightweight construction when you're looking for an economical choice for small tasks and cleanups. Choose heavyweight construction for demanding tasks and large-volume cleanups due to its high durability.

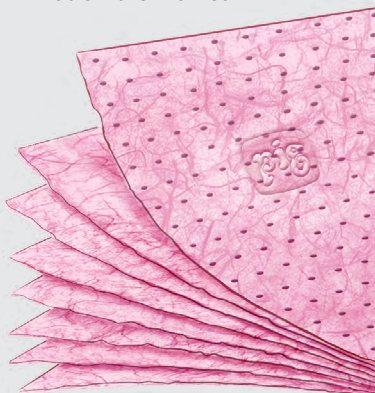

ABSORB ALL THE MESS

Highly absorbent, fine-fiber construction won't leave behind liquids or fiber residue.

THE STRONGEST MAT YOU CAN BUY

Multiple layers of melt-blown polypropylene specially treated to absorb corrosives make PIG Mat the toughest mat on the market!

56220-194

89094-218

56620-086

56620-752

89094-548

PIG HAZMAT PADS

Absorb concentrated corrosives.

Pads are ideal for catching drips and soaking up spills — get them in a dispenser box for easy, clean storage. Choose lightweight for cleaning up small leaks and drips of hazardous liquids from workbenches, counters and shelves; and heavyweight for demanding tasks and large-volume cleanups.

PIG® HazMat Pads

Weight	Cat. No. / Mfg Item #	Size	Unit	Abs. Up To
Light	56620-688 / MAT302	15"W x 20"L	200 pads	22 gal./bag
Heavy	56220-194 / MAT301	15"W x 20"L	100 pads	22 gal./bag
	56620-690 / MAT310	15"W x 20"L	50 pads	11 gal./bag

PIG® HazMat Pads in Dispenser Box

Weight	Cat. No. / Mfg Item #	Size	Unit	Abs. Up To
Heavy	89094-218 / MAT354	15"W x 20"L	100 pads	22 gal./box
	46000-506 / MAT351	10"W x 13"L	100 pads	9.8 gal./box

PIG HAZMAT ROLLS

Cover large areas.

Easy-tear perforations let you take only what you need so you use less mat and save money. Rolls are ideal for covering large areas and soaking up leaks and overspray.

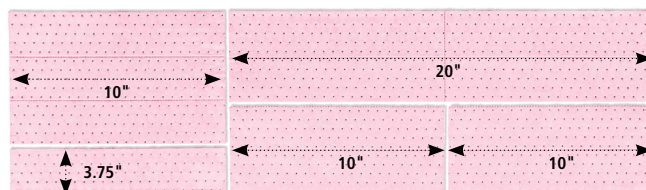

PIG® HazMat Rolls

Weight	Cat. No. / Mfg Item #	Size	Unit	Abs. Up To
Heavy	56620-086 / MAT309	30"W x 150'L	1 roll	40.2 gal./bag
	56620-752 / MAT303	15"W x 150'L	1 roll	20.1 gal./bag

PIG RIP-&-FIT HAZMAT ROLLS

Customize your mat to fit your space.

Extra perforations let you create custom sizes of PIG HazMat Mat without cutting. Just "rip" it along the easy-tear perms and "fit" it into place.

PIG® Rip-&-Fit® HazMat Roll

Weight	Cat. No. / Mfg Item #	Size	Unit	Abs. Up To
Heavy	89094-548 / MAT343	15"W x 150'L	1 roll	19.6 gal./bag

ATTENTION: Independent testing indicates that PIG HazMat products are compatible with and absorb most acids and bases. Due to variables and conditions of applications beyond our control, New Pig cannot guarantee that this product will absorb to your satisfaction. To ensure effectiveness and your safety, we recommend that you conduct compatibility and absorption testing of your chemicals with PIG HazMat products prior to purchase. If you have any questions or need samples to test, please contact your VWR Representative.

PIG HAZMAT SOCKS & PILLOWS

Contain and absorb spreading spills.

DIKES VS SOCKS

Choose socks to be prepared for smaller spills of concentrated chemicals. Have dikes on hand to handle higher-volume spills.

MOLDABLE TO FIT ANY SITUATION

PIG Socks and Dikes can be arranged and overlapped to contain any size spill or wrapped around leaking equipment or machinery.

A SKIN THAT STANDS UP TO CHEMICALS

The polypropylene skin of PIG Socks and Pillows resists chemicals and tearing; reduces dust and holds in liquid, even when saturated.

HIGH CAPACITY FOR TIGHT SPACES

High-capacity pillows step up to add even more absorbency during response to spills of chemicals, acids, caustics or unknown liquids. Their size and shape make them perfect to tuck under a big leak or steady drip in a tight spot.

EXCLUSIVE!

THE WORLD'S BEST STUFF FOR CHEMICAL ABSORPTION

Polypropylene filler is highly absorbent for containing corrosive or reactive spills.

56620-082

56620-028

56620-085

56620-184

PIG HAZMAT SOCKS & DIKES

Surround and contain spills.

Socks (56620-082 and 46000-772) are excellent for quickly stopping the spread of smaller chemical spills; dikes (56620-720) are excellent for quickly diking and stopping the spread of larger spills. PIG's chemical-resistant socks and dikes won't degrade or cause a dangerous reaction upon contact with corrosive spills.

PIG® HazMat Chemical Absorbent Sock/Dike

Cat. No. / Mfg Item #	Size	Unit	Abs. Up To
56620-720 / HA1010	Ext. Dia. 5" x 10'L	2 socks	18 gal./box
46000-772 / PIG301	Ext. Dia. 3" x 10'L	6 socks	12 gal./box
56620-082 / 124CR	Ext. Dia. 3" x 46"L	12 socks	9 gal./box

PIG HAZMAT PILLOWS

Great for large chemical cleanups.

Pillow has large surface area, high capacity and fast-wicking filler to quickly soak up hazardous liquids; great for adding absorbency during spill response. Chemical-resistant pillow won't degrade or cause a dangerous reaction upon contact with corrosive spills.

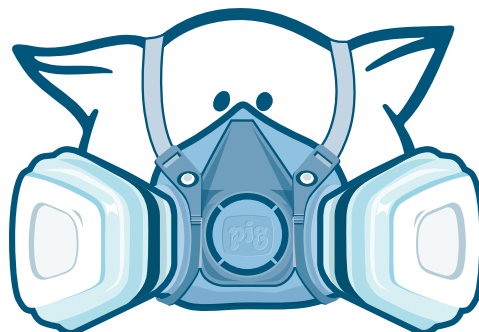

PIG® HazMat Chemical Absorbent Pillow in Dispenser Box

Cat. No. / Mfg Item #	Size	Unit	Abs. Up To
56620-028 / PIL302	8"W x 8"L x 1"H	20 pillows	4.69 gal./box

PIG® HazMat Chemical Absorbent Pillow

Cat. No. / Mfg Item #	Size	Unit	Abs. Up To
56620-085 / HR7015	17"W x 16"L x 2"H	10 pillows	10 gal./box
56620-184 / PIL307	8"W x 17"L x 2.5"H	10 pillows	6 gal./box

ATTENTION: Independent testing indicates that PIG HazMat products are compatible with and absorb most acids and bases. Due to variables and conditions of applications beyond our control, New Pig cannot guarantee that this product will absorb to your satisfaction. To ensure effectiveness and your safety, we recommend that you conduct compatibility and absorption testing of your chemicals with PIG HazMat products prior to purchase. If you have any questions or need samples to test, please contact your VWR Representative.

HAZMAT SPILL KITS

The only spill kits packed full of PIG absorbents!

WORLD-CLASS ABSORBENTS

Absorb the widest range of acids, bases and unknown liquids, even those with high concentrations like 98% sulfuric acid and 30% sodium hydroxide.

VARIETY OF CONTAINERS

Choices range from portable grab-and-go to mobile carts to overpack salvage drums.

PACKED FOR FAST RESPONSE

Kits are packed in the order contents are needed for fast response and access.

ATTENTION: Independent testing indicates that PIG HazMat products are compatible with and absorb most acids and bases. Due to variables and conditions of applications beyond our control, New Pig cannot guarantee that this product will absorb to your satisfaction. To ensure effectiveness and your safety, we recommend that you conduct compatibility and absorption testing of your chemicals with PIG HazMat products prior to purchase. If you have any questions or need samples to test, please contact your VWR Representative.

PIG HAZMAT KIT IN HI-VIZ BAG

Bright yellow bag is easy to find.

Water-resistant bag with hook-and-loop closure protects kit contents. Strap makes for easy carrying and hanging. Temporary disposal bags help make cleanup easier.

56620-494

PIG® HazMat Spill Kit in High-Visibility Bag

Cat. No. / Mfg Item #

56620-494 / KIT320 • Absorbs up to 9 gal.

Contents • 4 Socks • 28 Mat Pads • 5 Disposal Bags and Ties

See note on page 10 for more details on compatibility and testing.

PIG HAZMAT KIT IN 95-GALLON WHEELED OVERPACK SALVAGE DRUM

UN rated for chemical spill cleanup waste.

Overpack is X-rated for Packing Groups I, II and III for shipping spill cleanup waste by land, sea or rail. Lightweight container resists chemicals and keeps contents clean and dry.

56620-440

PIG® HazMat Spill Kit in 95-Gallon Wheeled Overpack Salvage Drum

Cat. No. / Mfg Item #

56620-440 / KIT341-WH • Absorbs up to 63 gal. • 6" Polyolefin Wheels • UN1H2/X113/S

Contents • 18 Socks • 2 Dikes • 75 Mat Pads • 7 Pillows • 10 Disposal Bags and Ties • 6 Tamperproof Labels • 1 Instructions

See note on page 10 for more details on compatibility and testing.

PIG HAZMAT KIT IN 20-GALLON WHEELED OVERPACK SALVAGE DRUM

Comply with regs.

Neatly prepacked container speeds access during a spill emergency. Overpack drum container is UN Rated for shipping waste after spill cleanup.

56620-116

PIG® HazMat Spill Kit in 20-Gallon Overpack Salvage Drum

Cat. No. / Mfg Item #

56620-116 / KIT311 • Absorbs up to 11 gal. • UN1H2/X66/S

Contents • 6 Socks • 6 Mat Pads • 6 Pillows • 5 Disposal Bags and Ties • 6 Tamperproof Labels • 1 Instructions

See note on page 10 for more details on compatibility and testing.

Neutralize base or caustic spills.

Base Neutralizing Socks stop spreading spills; Base Neutralizing Mats, Pillows and Loose soak up puddled liquid. Polyethylene container resists chemicals and has molded in handles for easy carrying.

Cat. No. / Mfg Item #	
-----------------------	--

89205-842 / KIT319[†] • Absorbs up to 4 gal.

Contents • 5 Mat Pads • 2 Pillows • 2 Socks • 3 Loose Absorbent • 1 Faceshield Headgear • 1 Faceshield
1 Safety Goggles • 1 Pair Neoprene Gloves • 1 Apron • 2 Disposal Bags • 1 Instructions

See note on page 10 for more details on compatibility and testing.

† Not available for purchase in Canada.

89205-842

Confidently bag hazardous or contaminated waste for disposal.

Tough polyethylene bags resist punctures, tearing and blowouts. Durable 3-mil thickness is ideal for most waste. Bright yellow bags are boldly labeled "Hazardous Material - Handle With Care."

Polyethylene Disposal Bags

Cat. No. / Mfg Item #

46000-768 /BAG202-L • "Hazardous Material - Handle with Care" • Large • 45 gal.
25/roll • 3 mil 36"W x 60"H

46000-768

ASK YOUR VWR REP FOR INFO ABOUT MORE KITS, INCLUDING UNIVERSAL AND OIL-ONLY ABSORBENCIES.

PIG CLEANUP KITS

Make quick work of small messes with our grab-and-go single-use spill kits.

The compact design of our Cleanup Kits lets you store a spill kit virtually anywhere you need one for fast response. Easy-open bags protect kit contents from dirt and moisture. Single-use kit is faster and more effective than dragging a large spill kit to a small cleanup, and it's safer and more effective than using rags or paper towels. Only PIG Spill Kits feature PIG Absorbents — the world's #1 selling brand.

LAB & CHEMICAL

Includes PIG HazMat Absorbent Pads, Acid Neutralizing Loose Absorbent and Base Neutralizing Loose Absorbent to clean up most acids, bases and chemicals. Absorbs up to 25.2 ounces.

PIG® Lab & Chemical Cleanup Kit

Cat. No. / Mfg Item #
76326-534 / KIT5007* • Each • Absorbs up to 25.2 oz.
76326-536 / KIT5009* • Pack of 10 Each absorbs up to 25.2 oz.
Contents of Each Kit • 3 Mat Pads • 1 Pack of Acid Loose Absorbent • 1 Pack of Base Loose Absorbent • 1 Pair of Gloves • 1 Scoop and Scraper • 1 Disposal Bag

*Not available for purchase in Canada.

76326-534

BLOOD, VOMIT & URINE

Includes Surface Sanitizing Wipes, Biohazard Disposal Bags, PIG Absorbent Mat Pads and PIG Loose Absorbent to clean up blood, vomit, urine and other bodily fluids. Absorbs up to 37.4 ounces.

PIG® Blood, Vomit & Urine Cleanup Kit

Cat. No. / Mfg Item #
76326-530 / KIT5004* • Each • Absorbs up to 37.4 oz
76326-532 / KIT5006* • Pack of 10 Each absorbs up to 37.4 oz.
Contents of Each Kit • 3 Mat Pads • 1 Pack of Loose Absorbent • 1 Pair of Gloves • 1 Sanitizing Hand Wipe • 1 Surface Sanitizing Wipe • 1 Scoop and Scraper • 1 Biohazard Waste Bag

⚠ **WARNING:** Cancer - www.P65Warnings.ca.gov

*Not available for purchase in Canada.

76326-530

UNIVERSAL EVERYDAY USE

Includes PIG Universal Absorbent Mat Pads and PIG Loose Absorbent to clean up a wide range of oils, coolants, solvents and more. Absorbs up to 37.4 ounces.

PIG® Universal Everyday Use Cleanup Kit

Cat. No. / Mfg Item #
76326-528 / KIT5003* • Pack of 10 Each absorbs up to 37.4 oz.
Contents of Each Kit • 3 Mat Pads • 1 Pack of Loose Absorbent • 1 Pair of Gloves • 1 Hand Wipe • 1 Scoop and Scraper

NOTE: Not for use with hydrofluoric acid.

94%

OF FACILITY DRAINS ARE AT RISK

GET A FREE SPILL RISK REPORT FROM PIG!

Take the guesswork out of spill preparedness with the world's first physics-based Spill Risk Algorithm — a PIG exclusive!

- Six-time patented algorithm — with more pending — performs more than 600 calculations
- Requires just 5 minutes of data collection per area
- You receive a full Spill Risk Report in days

CONTACT YOUR VWR REP
TODAY TO SCHEDULE YOUR
FREE SPILL RISK REPORT!

**“We received more value from
New Pig’s SPILL RISK REPORT
in 3 days than we did from an
on-site consultant in 3 months.”**

— CUSTOMER AT A FORTUNE 100 R&D LAB

Our patented PIG Spill Risk Algorithm has helped thousands of facilities identify their hazards, develop clear paths to improvement, comply with regs, avoid fines and stay better prepared for spills and inspectors — all without an expensive consultant or trying to figure it out on your own!

We've measured over 13,000 liquid areas at more than 1,000 sites and found the Top 5 Spill Risks that facilities like yours are facing:

of all at-risk areas don't have a spill kit within 300 feet

of areas that do have a spill kit have one that's either pilfered or undersized

of docks have at least one storm drain within 50 feet of a potential spill

of docks do not have a spill kit within 300 feet

of storm drains are at risk for oil sheen release

With our worksheet as a guide, data collection takes less than five minutes per area at your facility. It's as simple as taking a few measurements, recording the volume of your largest container and noting the types of liquids in each area (i.e., water-based, corrosives, etc.). From there, we'll plug your data into our algorithm, performing more than 600 physics-based calculations to evaluate your spill reach and any associated risks.

Collect data in less than five minutes per area.

We'll prepare and deliver your Spill Risk Report: a detailed, area-by-area analysis looking at nine risk factors, plus summaries for your entire facility. Our simple, visual format is easy to read, understand and follow, giving you an accurate picture of your spill risks. It can not only identify at-risk areas, but also highlight areas where your spill preparedness efforts are "overengineered," helping you allocate the supplies you already have most efficiently.

Every Spill Risk Report includes Improvement Paths — the exact steps you should follow to reduce your spill management risks. These algorithm-generated recommendations are a great tool for comparing data across multiple sites. Don't find out what's wrong from an inspector — use this report from a credited third-party to uncover and address risks and potential fines before it's too late.

All sites are assessed with a standard, consistent process and provides a corporate-level risk rating. It will help you not only comply with state and federal regulations, but with your corporate guidelines, as well.

PHARMACY RECEIVING

INFUSION

CHEMOTHERAPY DRUG SPILL KITS

Be prepared for hazardous drug spills with a kit that helps meet USP 800 standards.

A MUST-HAVE IN PLACES THAT STORE, PREPARE, TRANSPORT AND ADMINISTER CHEMOTHERAPY DRUGS, SUCH AS:

- Pharmacies
- Hospitals
- Healthcare Facilities
- Patient Treatment Clinics
- Physicians' Practice Facilities
- Veterinarian Offices

PIG CHEMOTHERAPY DRUG SPILL KITS

Properly handle hazardous drug spills.

USP General Chapter 800, effective December 2019, provides standards for safe handling of cytotoxic drugs to minimize the risk of exposure to healthcare workers, patients and the environment. These Kits help you satisfy requirements that spill kits must be part of your chemotherapy spill protocol and readily available in all areas where hazardous drugs are routinely handled.

Our kits help with quick, safe cleaning and disposal of cytotoxic spills.

76382-740

LOW VOLUME

Three kits per case — each kit contains two mat pads, two pairs of gloves, a gown, boot covers and disposal bag.

PIG® Low Volume Chemotherapy Drug Spill Kit

Cat. No. / Mfg Item #

76382-740 / KIT2010* • Absorbs up to 832 milliliters/kit • 3/case

Contents Per Kit • 2 Mat Pads • 2 Pair of Gloves • 1 Gown
1 Pair of Boot Covers • 1 Disposal Bag

* Not available for purchase in Canada.

76382-742

HIGH VOLUME

Three kits per case — each kit contains five mat pads, two pairs of gloves, a gown, boot covers and disposal bag.

PIG® High Volume Chemotherapy Drug Spill Kit

Cat. No. / Mfg Item #

76382-742 / KIT2011* • Absorbs up to 2 liters/kit • 3/case

Contents Per Kit • 5 Mat Pads • 2 Pair of Gloves • 1 Gown
1 Pair of Boot Covers • 1 Disposal Bag

* Not available for purchase in Canada.

76382-744

MAT PACK

Mat pads only. Three packages per case — each package contains 10 mat pads.

PIG® Chemotherapy Drug Absorbent Mat Pads

Cat. No. / Mfg Item #

76382-744 / KIT2012 • Absorbs up to 4 liters/package • 3/case

Contents Per Package • 10 Mat Pads

WHAT COMES IN OUR LOW AND HIGH-VOLUME SPILL KITS?

Mat Pads that soak up and contain cytotoxins

2 pair
ASTM D6978
Nitrile Gloves

ASTM F739-12
Polyethylene-Coated Gown

Polyethylene-Coated
Boot Covers

Disposal Bags labeled for
hazwaste disposal

Color-change technology takes the guesswork out of safe handling.

PIG ACID NEUTRALIZING ABSORBENTS

Two absorbent choices, one easy step for safer acid cleanup.

Mats and Socks help encapsulate and neutralize common acids in one step. Changes color on contact and during neutralization with liquid acids (pH below 7) and color change continues until pH becomes neutral and is safe for handling. Gelling agents solidify acids during neutralization which prevents them from leaching out of the absorbent.

10147-158

77107-032

PIG® Acid Neutralizing Absorbents

Cat. No. / Mfg Item #
10147-158 / MAT304 • Mat Pad • 25 pads/box • Absorbs up to 70.4 oz./box 11"W x 12"L
77107-032 / PIG309* • Sock • 4 socks/box • Absorbs up to 2.4 gal./box • Ext. Dia. 2" x 4"L

Notice: Not for use with hydrofluoric acid.

*Not available for purchase in Canada.

SPILL-X PORTABLE NEUTRALIZERS

Neutralize a variety of small spills.

Kit is packed with spill control agents that neutralize and solidify acid spills. It works on most mineral and organic acids including sulfuric, hydrochloric, nitric and hydrofluoric.

Spill-X® Portable Chemical-Neutralizing Kit

Cat. No. / Mfg Item #

89205-852 / GEN528* • Acid-Neutralizing Kit • 6 - 2 lb. Shaker Bottles
Neutralizes up to 3 gal.

NOTE: To ensure safety, please contact your Fisher Scientific Representative for chemical compatibility guide(s) to determine if PPE is compatible with your chemicals and fluids; or ensure compatibility with the chemical manufacturer.

*Not available for purchase in Canada.

FORMALDEHYDE NEUTRALIZING PADS

Minimize vapors for safer formaldehyde cleanup.

Specially treated polypropylene quickly absorbs formaldehyde, formalin, formaldehyde-based fixatives, glutaraldehyde and other aldehyde solutions. Rapidly neutralizes formaldehyde vapors to help protect workers.

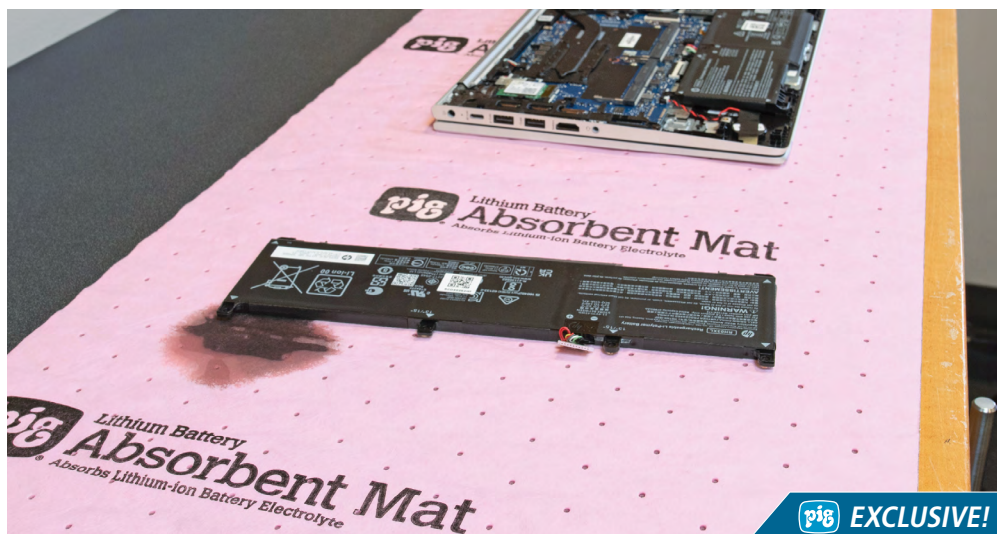

Formaldehyde-Neutralizing Absorbent Mat Pad

Cat. No. / Mfg Item #

77107-028 / MAT1400* • 16"W x 20"L • Absorbs up to 4.5 gal./bag • 25 pads/bag

NOTE: Do not use on concentrations of 10%. Each pad absorbs up to 615mL but neutralizes up to 10mL.

*Not available for purchase in Canada.

78108-955

78108-944

78108-936

EXCLUSIVE!

PIG LITHIUM BATTERY ABSORBENT MAT

Specially designed to safely absorb lithium-ion battery electrolyte.

Mat is specially treated to quickly absorb lithium-ion battery electrolyte for faster, easier cleanups and safer workplaces. It's chemical-resistant and won't degrade or cause a dangerous reaction upon contact with lithium-ion battery electrolyte spills. Recommended to keep on hand during the manufacturing process of lithium-ion cells and batteries. PIG Mat won't rip, tear or fray, even when saturated, and it lasts 2x longer than competitive mats.

PIG® Lithium Battery Absorbent Mat Pad

Weight	Cat. No. / Mfg Item #	Size (W x L)	Unit	Abs. Up To
Light	78108-936 / MAT3103	14.75" x 20"	8 pads	0.6 gal./box

PIG® Lithium Battery Absorbent Mat Pad in Dispenser Box

Weight	Cat. No. / Mfg Item #	Size (W x L)	Unit	Abs. Up To
Light	78108-944 / MAT3102	14.75" x 20"	50 pads	3.7 gal./box

PIG® Lithium Battery Absorbent Mat Roll

Weight	Cat. No. / Mfg Item #	Size (W x L)	Unit	Abs. Up To
Light	78108-938 / MAT3101	29.5" x 50'	1 roll	4.4 gal./box
	78108-955 / MAT3100	14.75" x 50'	1 roll	2.2 gal./box

NOTE: PIG Lithium Battery Absorbent Mat has been rigorously tested in a controlled laboratory setting and has been found suitable for absorbing electrolytes used in many common lithium-ion cells and batteries. However, due to the wide variety of electrolyte chemistries used in batteries available on the market, some of which are proprietary and not available to New Pig Corporation, New Pig Corporation does not guarantee that this product is compatible and can be used with every electrolyte formulation. Prior to using this product, end users of this product are responsible for verifying the suitability of polypropylene absorbent mats and surfactants with their specific battery manufacturer, or the manufacturer of the device which contains the battery.

PIG OBSIDIAN LITHIUM BATTERY CONTAINMENT BAG

Secure compromised personal devices to help prevent damage and secondary fires.

Fire-resistant materials help keep exterior temperatures lower than the interior chamber in event of combustion inside bag. 10,000 mAh for low capacity batteries; 20,000 mAh for higher capacity batteries.

78108-959

PIG™ Obsidian™ Lithium Battery Containment Bag Kit

78108-959 / BAT323 • Heavy Duty • 20,000 mAh Tested
Kit Contents • 1 Containment Bag • 1 Smoke Bag • 1 Pair of Gloves • 1 Face Shield • 1 Apron

WARNING: The Personal Protective Equipment (PPE) provided with this product were selected for their performance properties related to the most common battery types that would be appropriate for use with the product solutions New Pig provides. Due to the wide variety of available batteries, including watt hours, state of charge, chemistry, and also site-conditions and proximity to other combustible materials, New Pig Corp cannot guarantee that the selected PPE is the best choice or appropriate for every situation. Customers should always confirm that the provided PPE is suitable and sufficient for your specific intended purposes to ensure the safety of personnel. Additional PPE may be required depending on your circumstances.

GENERAL WARNING STATEMENT: Lithium-ion batteries can sometimes enter a state called "thermal runaway," which can sometimes lead to fire, explosion, and the release of toxic smoke and fumes. Lithium-ion battery fires are chemical reactions that can continue to burn even if deprived of oxygen. Call the Fire Department immediately in the event of any fire, whether or not you choose to use products from New Pig. Fires create great risk of injury or death and property damage. In the event of any fire, warn others to evacuate the premises, call the Fire Department and ensure that you have a clear path of escape. Do not take any unnecessary risks to combat a fire that has already started. While no fire suppression device can fully extinguish a lithium-ion battery fire until the chemical reaction has completed, the products offered by New Pig may help temporarily reduce the risk of damage by managing thermal runaway, partially insulating the fires, and potentially reducing the paths for flame or heat to escape and spread. These products are not guaranteed to prevent thermal runaway from starting or spreading beyond its immediate area. Burned or partially burned lithium-ion batteries have the potential to reignite and should be handled with extreme care by trained first responders or firefighters.

Place device in bag when a battery first shows signs of distress.

78108-857 and 78108-959 include a smoke bag that reduces the release of toxic fumes.

EXCLUSIVE!

UNIVERSAL MAT

Absorbs anything, works everywhere and is the #1 brand worldwide.

STRONGEST MAT ON THE MARKET

Multiple layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market. It won't rip, tear or fray, even when saturated.

SOAKS IT ALL IN

Highly absorbent, fine-fiber construction absorbs oil, coolants, solvents and water without letting liquid or fiber residue behind.

ABSORBS QUICKLY

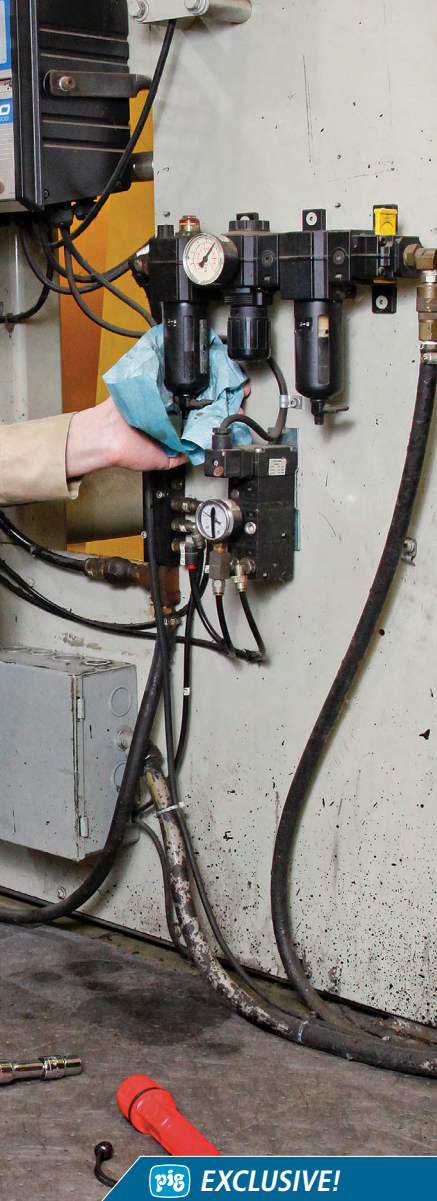

Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup.

FLAME-RESISTANT

Mat won't burn immediately like untreated cellulose mats and melts when exposed to high heat.

KEEPS YOU COMPLIANT

Mat helps you comply with 29 CFR 1910.22(a)(2) for maintaining floors in a clean, dry condition.

EXCLUSIVE!

THE STRONGEST MAT YOU CAN BUY

Multiple layers of meltblown polypropylene make PIG Mat the toughest mat on the market!

PIG® UNIVERSAL MAT PADS

Perfect for small cleanups.

Pads are ideal for catching drips and soaking up spills — get them in a dispenser box for easy, clean storage. Choose lightweight mat for small jobs and routine changeouts; mediumweight as a great general purpose mat; and heavyweight for bigger leaks and spills.

MRO MAT

Affordable for everyday cleanup.

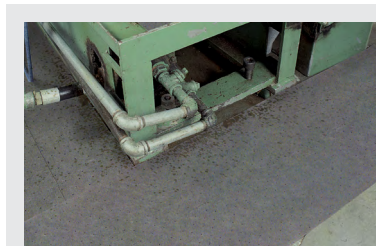

When your application doesn't demand the exceptional quality of PIG Mat, use MRO Mat to get the job done! It absorbs water-based liquids, petroleum products and solvents — ideal for everyday maintenance and spill cleanup. The fast-wicking, dimpled, 3-layer design quickly absorbs liquids to maximum capacity, meaning less absorbent waste and savings on disposal costs.

PIG 4 in 1 MAT

Stock one mat for a variety of jobs.

Exclusive 4 in 1 Mat is a pad, roll, sock and wiper all in one! Use as a pad to catch drips and soak up spills; roll out to cover large areas; fold along score lines to make a thick, absorbent sock; tear off a piece to use as a low-lint wiper. Builds on the multi-layer, 100% polypropylene construction of PIG Mat, the strongest mat on the market!

FOUR USES, ONE GREAT CONSTRUCTION

Multiple layers of polypropylene and a spunbond top provide absorbency and wear resistance

PIG BLUE MAT

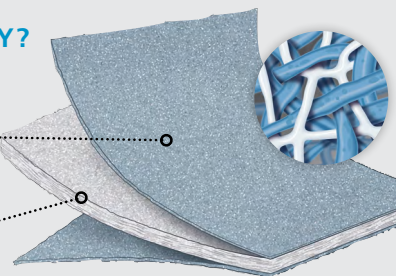

Our most absorbent mat!

The maximum absorbency of our Blue Mat soaks up more so you use less on big spills and high-volume leaks. Consistent construction produces a mat that's free of light spots to absorb liquid evenly for better wicking and retention. It stays together, even when picking up or shifting a fully saturated mat. Blue Mat helps you comply with 29 CFR 1910.22(a)(2) for maintaining floors in a clean, dry condition.

WHY SO THIRSTY?

Fused layers create strength and enhance absorbency

Lofty inner core for superabsorbency

PIG RIP-&FIT MAT

Get custom sizes without cutting.

Extra perforations in our Rip-&Fit Mat allow you to easily "rip" this PIG Mat and "fit" it to your application without cutting. Same construction as PIG Mat, the strongest on the market. Absorbed leaks and drips blend right in; dark gray color hides grime so mat stays on the job longer.

PIG® Rip-&Fit® Absorbent Mat Rolls in Dispenser Box

Weight	Cat. No. / Mfg Item #	Size	Unit	Abs. Up To
Heavy	56620-712 / MAT242	15"W x 60'L	1 roll	7.8 gal./box

56620-712

PIG BLUE SOCKS

Our heaviest sock stops spills.

The heaviest sock we make features extra-dense construction to hug floors and stay in place while containing spills. It's ideal for diking and damming liquids. Fine-grade vermiculite filler quickly absorbs leaks, drips and spills; great for spill response or absorbing equipment leaks. The stitch-bonded, polypropylene skin resists bursting, reduces dust and holds in liquid, even when saturated. Blue Socks can even be air-dried for reuse when soaked with water.

PIG® Blue Absorbent Sock

1 Instructions

PIG QUICK-DEPLOY OIL-ONLY BOOM

Create a low-profile absorbent barrier for oil spills on land.

Rolls out quickly to absorb and contain oil-based spills on land — including lubricants and fuels — without absorbing water. Flat, low-profile design puts more absorbent material in contact with the ground for better absorption than a round boom. Rope running along length adds strength for deployment and retrieval, and white color makes booms easier to see in outdoor environments while clearly showing the saturation level.

HELPS YOU COMPLY with SPCC and Stormwater Regs

PIG® Quick-Deploy Oil-Only Absorbent Boom

Cat. No. / Mfg Item #	Size	Unit	Abs. Up To
78108-860 / BOM1200	5"W x 10'L	8 booms	27.2 gal./bag

78108-860

Attachment clip lets you link booms together to create greater lengths.

PIG LEAK AND DRIP PAD

Keep oil off the ground with this refillable holder.

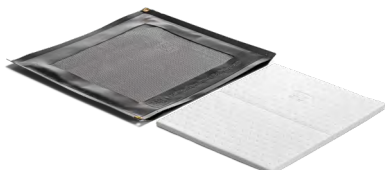

Tough vinyl-coated holder with sewn-on mesh screen and bermed edge acts as a nonabsorbent barrier and keeps fluids from penetrating to the ground. Includes five PIG Oil-Only Mat Pads. Contact your VWR Representative for refills.

PIG® Leak and Drip Pad System

**ADHESIVE
BACKING**

WORLD'S FIRST ADHESIVE-BACKED MATS

Proven to eliminate slips, trips and falls while keeping floors clean and dry.

ADHESIVE BACKING PERFECTED

Our exclusive adhesive is formulated to perform in the wettest conditions and will never disintegrate, delaminate or leave a gooey mess to clean up.

THE RIGHT AMOUNT OF STICK

Proven stick-and-release technology keeps mat in place without shifting but pulls up easily without leaving residue.

EASY CLEANING

The only adhesive that stands up to heavy traffic and deep cleaning with a mop, floor scrubber or carpet extractor.

HIGH-TRACTION SURFACE

Mats provide a safe walking surface proven to eliminate slip-and-fall hazards.

COMPLETE COVERAGE

Roll out for sufficient entrance walkoff to capture dirt, grime and moisture before it's tracked into the workplace. Cut to customize for any space and provide coverage anywhere you need it.

New Pig Adhesive-Backed Mat Notice: New Pig Adhesive-Backed Mats are formulated to work with most common hard-floor surfaces. New Pig Adhesive-Backed Mats are not intended for use on wood flooring with stains, finishes, or coatings. New Pig Adhesive-Backed Mats have non-permeable barrier layers to prevent liquid pass-through and, as such, are considered to be non-breathable and may not be suitable for use on surfaces that require air curing, including, but not limited to, newly poured concrete or recently applied coatings, sealants, and finishes. All adhesive mats have some potential to leave residue, lift and/or discolor 1) surface finish, 2) surface coating, 3) paint, 4) loose or previously damaged tiles.

For these reasons and others, if you have questions about the suitability of New Pig Adhesive-Backed Mats for your application, test a small section of mat in a discreet or non-critical area before using on larger areas. New Pig Adhesive-Backed Mats are designed for use for up to 3-6 months in commercial and general public environments, depending on conditions and traffic patterns. Regardless, New Pig Adhesive-Backed Mats should be replaced immediately if they show signs of wear or damage and should always be replaced in commercial and general public environments no later than 6 months after installation.

CUSTOMER ASSUMES THE RISK THAT A NEW PIG ADHESIVE-BACKED MAT MAY DAMAGE OR ALTER CUSTOMER'S EXISTING FLOORING OR FLOOR COVERING. NEW PIG PROVIDES NO WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE AND NO WARRANTY THAT THE USE OF AN ADHESIVE-BACKED MAT WILL BE ACCEPTABLE FOR USE ON CUSTOMER'S FLOORING OR ANY OTHER SURFACE. NEW PIG SHALL HAVE NO RESPONSIBILITY FOR, AND CUSTOMER HEREBY RELEASES AND DISCHARGES NEW PIG FROM, ANY DIRECT, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES TO OR RELATED TO CUSTOMER'S FLOORS, FLOORING MATERIAL, OR ANY OTHER SURFACES IN CUSTOMER'S DWELLING OR FACILITY. CUSTOMER IS SOLELY RESPONSIBLE FOR DETERMINING THE FITNESS AND APPROPRIATENESS OF THE USE OF A NEW PIG ADHESIVE-BACKED MAT IN CUSTOMER'S DWELLING OR FACILITY.

EXCLUSIVE!

PIG® ULTRA-DUTY GRIPPY MAT

Use our toughest adhesive-backed mat for your highest-traffic areas.

Put Ultra-Duty Grippy Mat to work in entrances, aisles, transition areas and walkways that see tons of traffic. From boots to wheels to whatever, our most durable mat can handle it all. Create as much walk-off coverage as you need — without dangerous gaps or overlaps — to help keep floors dry and prevent slips, trips and falls. Unlike traditional rubber-backed mats, Grippy Mat never shifts, ripples or bunches up, so it won't obstruct doors or become a tripping hazard.

PIG® Ultra-Duty Grippy® Mat Rolls

A CLOSER LOOK

Needle punched and heat fused polypropylene delivers extreme durability. Protective layer retains liquids. Adhesive backing holds tight but peels up easily.

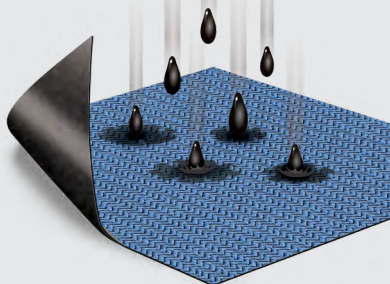

PIG INDUSTRIAL ABSORBENT ADHESIVE-BACKED GRIPPY FLOOR MAT

Soak up oil in transition areas.

Adhesive-backed absorbent mat stays exactly where you put it with no shifting, bunching up or flipping over, but peels up easily for quick changeouts. The tough, spunbond top layer with heavy-duty zigzag stitching stands up to foot- and light-wheeled traffic. Perfect for transition areas between labs, offices, storage rooms and more. Ideal for lining oily areas around machines, equipment and workstations, as well as lining workbenches and countertops.

A CLOSER LOOK

Spunbond top layer stands up to traffic; zigzag stitching adds strength. Poly backing stops liquid from passing through, and adhesive backing holds tight to floor.

Reduce slip and fall claims by as much as 90%!

Grippy Mat is tested and certified by the National Floor Safety Institute (NFSI) as a high-traction surface, which can reduce slip and fall claims by as much as 90% when used as part of a Floor Safety Program.

89212-352

CREATE SAFE FLOORS THROUGHOUT YOUR FACILITY WITH A FREE SAFE FLOOR AUDIT

Unsafe floors are a liability. Our Safe Floor Audit will help you identify areas most vulnerable to slips, trips and falls, including outside entrances, high-traffic walkways, wet and transitional areas, and wherever floor conditions are less than ideal. Adhesive-Backed PIG Grippy Mats are often the solution for safe floors.

CREATES SAFE FLOORS

Tested and Certified by the National Floor Safety Institute (NFSI); reduce slip-and-fall claims by as much as 90%.

ENHANCES APPEARANCE

Cuts into any size or shape to create ample walk-off with no gaps or overlaps. Stays down up to 3-6 months.

IMPROVES CLEANING EFFICIENCIES

Streamlines routine cleaning by being able to clean the floors and mats simultaneously.

REDUCES COSTS AND INCIDENTS

Eliminates time wasted constantly adjusting mats that shift; minimizes workers' comp and liability incidents.

LOWERS ENVIRONMENTAL IMPACT

Independent third-party testing shows a 91% lower environmental impact than traditional rubber backed mats.

BEFORE

AFTER

Entranceways can be a slippery, dangerous hazard. Adhesive-backed mats provide a sure-footing solution and adequate walk-off coverage.

BEFORE

AFTER

Rental rugs can bunch and shift, causing trip hazards. Our adhesive-backed mats stick tight to floors and provide reliable coverage.

SCHEDULE YOUR FREE SAFE FLOOR AUDIT BY CONTACTING YOUR VWR REPRESENTATIVE.

CLEANROOM SUPPLIES

Keep contamination out of your cleanroom.

Minimize the risk of contamination in cleanrooms and protect yourself from hazardous liquids with Wipers, Overalls, Frocks, Labcoats, Hoods, Sleeves, Boot Covers and more. They'll help you ensure the integrity of labs, hospitals and other areas where cleanliness are essential.

FOAM CLEANROOM SWAB

Non-abrasive, flexible-head foam swab is designed to trap particles.

Special open-cell foam with consistent cellular structure is extremely effective at trapping dust and small particles. Compatible with most organic solvents and cleaning compounds. Absorbent and non-abrasive.

CLEANROOM GOWN, FROCKS AND LAB COAT

An excellent barrier to fluids, pathogens and other cleanroom hazards.

- CleanMax Frocks: Tested in accordance with ASTM D6978 for chemotherapy permeation. Bound seams are precisely sewn with an additional outer binding for increased strength compared to simple serged seams; also provide better protection against breakthrough and strikethrough.
- IsoClean Frock and Lab Coat: Frock is gamma sterilized for the lowest level of particle shedding within DuPont product portfolio; Lab Coat has three front pockets. Serged seams have multiple interlocking threads that are sewn around the raw edges of garment material to create a strong, stress-resistant seam.

CLEANROOM HOODS

Improve hygiene in your cleanroom with hoods.

- **CleanMax Hoods (78108-888, 78108-867):** Tested in accordance with ASTM D6978. Ties to customize fit; one size fits most. Bound-edge open face design helps reduce possibility of contamination; covers shoulders for added protection. Latex- and silicone-free to help reduce potential for allergic reactions. Resistant to blood and body fluid penetration, bloodborne pathogens and viral penetration. Open fold for easier donning.
- **IsoClean Hood (78108-863):** Gamma sterilized for a very high level of cleanliness and safety. Bound seams are covered with garment fabric to reinforce the seam and to reduce potential for particle penetration. Bound hood opening for lower particle shedding; full face opening. Ties with loops for adjustable fit.

PYRAMEX CLASS 2 COOLING SAFETY VEST

Cooling vest allows you to work comfortably for an 8-hour shift.

Inner evaporative PVA panels stay cool for up to 8 hours. Easy to activate by simply submerging in cool water for 1-2 minutes before wearing. Quilted, soft-polyester outer shell with a zipper-front closure features an adjustable waistband. Highly reflective 2" silver material increases visibility. Vest are reusable and washable.

CLEANROOM SHOE & BOOT COVERS

Decrease cleanroom contamination with shoe and boot covers.

- **Boot Cover:** Provides an excellent barrier to particles, microorganisms and non-hazardous light liquid splash in ISO Class 5-8 cleanrooms. Gamma sterilized to ensure a very high level of cleanliness and safety. Serged seams have multiple interlocking threads that are sewn around the raw edges of garment material to create a strong, stress-resistant seam. Pleated rayon outer facing. PVC soles help to prevent slips.
- **Shoe Cover:** Provides an excellent barrier to particles, microorganisms and non-hazardous light liquid splash in ISO Class 5-8 cleanrooms. Serged seams have multiple interlocking threads that are sewn around the raw edges of garment material to create a strong, stress-resistant seam. PVC soles help to prevent slips. Elastic at the toe provides a more secure fit.

Drain hose channels liquids to a drain or container.

89073-900

PIG® CEILING TILE LEAK DIVERTER

Replace your damaged tile with this discreet system.

Channel away liquids to minimize wet floors and damaged equipment. Includes 25' L drain hose and clips to secure hose to ceiling grids. Flow rate of 0.2 gallons per minute when used with included hose. After leak has been repaired, simply uninstall and store for later use. Replaces any standard 2' x 2' or 2' x 4' drop ceiling tile.

PIG® Ceiling Tile Leak Diverter

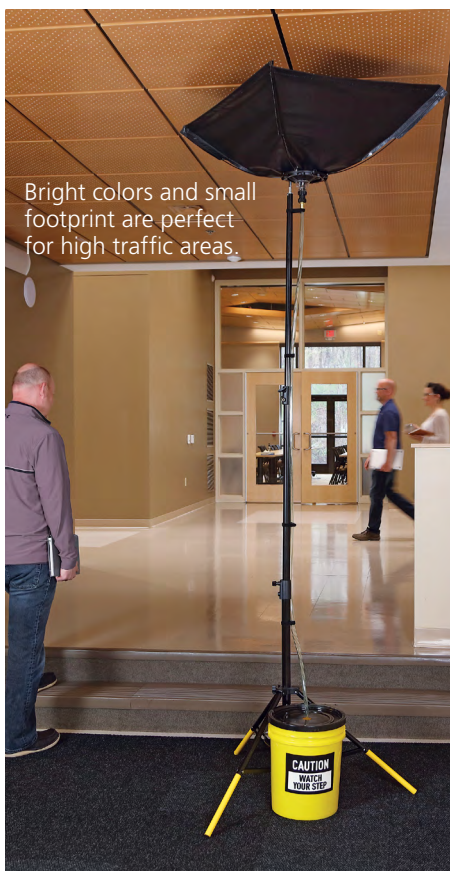

Cat. No. / Mfg Item #

89073-898 / TLS367 • 2'W x 4'L

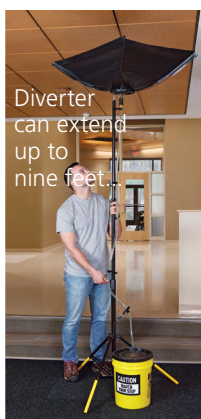

89073-900 / TLS366 • 2'W x 2'L

NOTE: Not suitable for temperatures over 170°F/77°C.

⚠ **WARNING:** Cancer, Birth Defects and Reproductive Harm - www.P65Warnings.ca.gov

Bright colors and small footprint are perfect for high traffic areas.

Diverter can extend up to nine feet.

...and collapse to four feet.

PIG® HIGH REACH LEAK DIVERTER KIT

Here's a solution when you can't hang a diverter from the ceiling.

Quickly route small leaks from high ceilings in hard to reach areas. Diverter captures drips from ceilings up to 15 feet high without risk of splash-out; use included mat pad to catch splashes from ceilings higher than 15 feet. Adjustable telescoping pole allows easy installation without the need for a ladder. Included pail has a removable plug to allow the drainage hose to be inserted without removing the lid.

PIG® High Reach Roof Leak Diverter Tarp Kit

Cat. No. / Mfg Item #

78108-935 / TLS820-BK • 27" W x 35" L x 12" H • Telescopes up to 9'H

Contents • 1 Leak Diverter • 1 Drainage Hose • 1 Telescoping Pole • 1 Bucket • 1 Mat Pad

NOTE: Not suitable for temperatures over 170°F/77°C.

⚠ **WARNING:** Cancer, Birth Defects and Reproductive Harm - www.P65Warnings.ca.gov

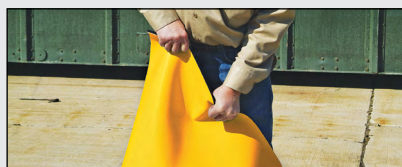

78108-935

Kit includes leak diverter tarp, collection pail, telescoping pole, drainage hose, and all the tools you'll need to assemble it.

EXCLUSIVE!

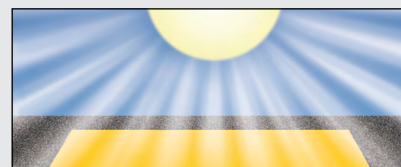

These tough covers protect your drains — no rips, no tears, no worries!

Tear Resistant – Tougher than standard covers to resist ripping.

Chemical Resistant – Stands up to long-term hydrocarbon exposure.

UV & IR Light Resistant – this cover is made for long-term outdoor use.

Easy to Clean – Dirt and grime won't stick to the surface.

Round covers are available in sizes for drains up to 24" dia.

Rectangular covers are perfect for long or narrow drains.

PIG® DRAINBLOCKER® DRAIN COVER

Patented design protects drains, seals tight and won't rip.

Long-lasting design is great for outdoor deployment without worrying about degradation. PIG-tough top layer resists stretching, ripping, tearing and infrared light. Super-sealing bottom layer conforms to uneven surfaces and tightly seals drains. Diesel-compatible materials withstand prolonged exposure to diesel fuel and gasoline. Use for quick spill response or long-term, outdoor deployment. Eliminates the need to frequently deploy and remove a temporary cover or permanently seal your drains.

HELPS YOU COMPLY with Stormwater and SPCC Regulations

PIG® DrainBlocker® Drain Cover

ACTION PUMP STAINLESS STEEL PISTON HAND DRUM PUMP

Pump quickly dispenses flammable fluids from your drums.

Stainless steel piston drum pump moves up to 22 oz. of fluid per stroke. T-handle design and piston action make pump easy to operate. Fits 15-, 30- and 55-gallon drums with 2" NPT bungs.

Maximum recommended viscosity is equal to SAE 30-40 wt. Earthing stud on tube allows pump to be grounded for safer dispensing of flammable liquids like alcohol and alcohol-based sanitizers. Compatible with gas, diesel fuel, kerosene, diesel exhaust fluid (DEF), light oils and water-based fluids of 40 wt. maximum viscosity.

Made of FDA Compliant stainless steel and PTFE; must be properly cleaned inside and out before use.

Earthing stud on tube allows pump to be grounded for safer dispensing of flammable liquids.

78108-908

DRUM GAUGES

Check levels across a wide range of liquids.

Avoid overflows and downtime by quickly checking a drum's liquid level. No guessing or messy dipsticks are involved. The high-contrast, transparent design is easy to read, even in low light. Simple mechanical design helps minimize upkeep, and indicator tube shows high and low barrel levels in gallons, liters and volume percentage. Designed for use with vertical drums.

FIG 120-GALLON FLAMMABLE STORAGE SAFETY CABINET

Store flammable liquids with confidence in our FM-Approved Cabinets.

If you use flammable liquids, the best way to keep people safe is to store those liquids in a Flammable Cabinet. A PIG Safety Cabinet keeps dangerous flammable liquids away from ignition sources that can create fires or explosions, plus they make auditors happy.

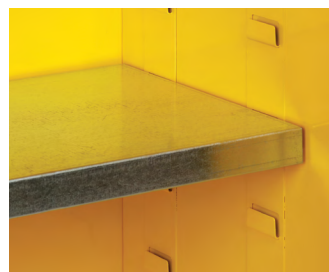

FM Approved for the storage of flammables plus meets NFPA and OSHA specs. Features a fully MIG-welded 18-gauge steel body and three-point zinc latch that ensures fail-safe, nonsparking door closure.

Door secures with built-in lock and included keys, or you can use your own separate lock.

Air-insulated double wall construction, flame arrestor vents and grounding connection minimize fire risks.

Adjustable shelves on welded hanging tabs hold up to 270 lbs. UDL. The leakproof sump contains drips and spills, while the powder-coat finish resists corrosion. Leveling feet can be adjusted for stability

NOTE: OSHA codes state that no more than 60 gallons may be Category 1, 2 or 3 flammable liquids, and no more than 120 gallons may be Category 4 flammable liquids. Cabinets are for indoor use only.

Shelves are adjustable and hold up to 270 lbs. UDL.

Three-point zinc latch ensures spark-free closing every time.

Door can be locked with included keys or use your own padlock (not included).

USED BATTERY CONTAINER

Dry-cell battery collection container helps you meet waste regulations.

Easy-to-reseal polyethylene container safely stores used dry-cell batteries for disposal and eliminates open containers of dead batteries that might not meet universal waste regulations. Clear sidewalls make it easy to monitor accumulated waste, and it's clearly labeled for waste battery collection to prevent improper disposal.

NOTE: Not a shipping container.

78108-971

Used Battery Container

Cat. No. / Mfg Item #

POLYETHYLENE TRAY

Store small parts or capture leaks and drips from containers.

Rotationally-molded trays are ideal for applications that would compromise injected or thermoformed trays. Modular design allows efficient use of space on benches or shelves while the light color makes it easy to see screws, springs and other small parts. All-polyethylene composition won't rust or corrode and resists most chemicals.

78108-898

78108-949

78108-949 / PAK836	22"W x 34"L x 2.5"H	6.5 gal.

Flammables Notice: If using this product with flammable liquids, please consider the regulations that apply to storage and handling of flammable liquids and the safety of this application, specifically flammable vapors, static discharge and heat sources. For further assistance, please contact your VWR Representative.

There's a PIG Product to handle every leak, drip and spill.

Keep your facility clean and safe from top to bottom. Contact VWR for more information!

Absorbents

The world's #1 brand of mats, socks, booms, pillows, pans and more. Absorbs anything. Works everywhere.

Leak Diverters

Catch and control leaks from roofs, ceilings and pipes to protect people, equipment and inventory. Quick deployment and high flow options.

Spill Kits

Comply with spill plan regs, avoid fines, and be ready to respond. Choices include Universal, Oil-Only, HazMat, Battery Acid, Mercury kits and more.

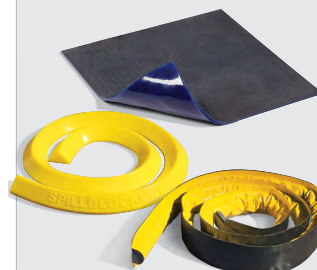

Adhesive-Backed Mats

Designed for a variety of environments and floor types, these adhesive-backed mats stay securely in place, are simple to clean and offer a lasting solution to floor safety.

Wipers

Top-quality wipers and rags for jobs from rough scrubbing to fine dusting, from PIG, Kimberly-Clark, Tork and WorkWipes.

Spill Control

The toughest, tightest-sealing products to keep contaminants out of drains. Pick from spill barriers, dikes, drain covers and plugs.

Healthcare

Chemo Kits, PIG Adhesive-Backed Surgical Mats and Surgical Floor Skimmers are just a few of the PIG products assisting medical personnel in the ER and exam rooms.

PPE

A full range of safety gear, from protective suits, clothing and equipment to fall protection, eyewashes, respirators and more.

Lithium Battery Products

Products designed specifically for lithium-ion battery management to help you reduce the associated risks, meet DOT regulations, and minimize the occurrence of secondary fires.

Containment

Comply with regs and secure dangerous liquids with decks, pallets, roll tops, collapsible units, IBCs, drum carts, trays, basins, shelving and more.

HazMat Absorbents & Kits

Clean up acids, bases and unknowns with products made for high-concentration chemicals.

Pgs. 4-16

Acid Neutralizing

Absorb, encapsulate and neutralize small acid spills in one easy step for safer cleanup.

Pg. 18

Lithium Battery Products

Reduce associated risks, meet DOT regulations, and minimize the occurrence of secondary fires.

Pg. 19

Universal Absorbents & Kits

Soak up oils, coolants, solvents and water fast and get back to work.

Pgs. 20-26

Oil-Only Absorbents

Absorb only oil and oil-fluids while repelling water — never wastes absorbency.

Pg. 27

Adhesive-Backed Mats

Prevent slips, trips and falls with mats that lay flat, stay flat.

Pgs. 28-31

Cleanroom Supplies

Maintain cleanroom standards with wipes, suits, shoe covers and more.

Pgs. 32-37

Leak Diverters

Protect people, equipment and inventory from overhead leaks.

Pg. 38

Spill Control

Seal off floor or storm drains to keep unwanted liquids out of the water supply.

Pg. 39

Storage & Material Handling

Keep flammable liquids away from ignition sources and prevent fires.

Pgs. 40-41

Spill Containment

Store small parts or capture leaks and drips from containers.

Pg. 42
