

Our versatile plastic cart is suitable for a wide range of sectors such as laboratories, industry, healthcare, catering, and more.

It is designed for intensive use. The cart is lightweight, maneuverable, and very robust. The high-quality wheels and ergonomic handles ensure maximum comfort during movement.

PRODUCT ADVANTAGES

- **Versatile** : Suitable for numerous sectors, such as laboratories, industry, healthcare, and catering.
- **Robust** : Combining ABS shelves and aluminum uprights, it is very sturdy and suitable for heavy loads.
- **Maneuverable** : Easy to move thanks to its lightweight and high maneuverability due to its 4 swivel wheels.
- **Secure** : The shelves are equipped with edges that retain products during movement.
