## Quality System Compliance

Products are manufactured in [ISO 13485:2016](#) and [ISO 9001:2015](#) certified plant. Products are inspected and controlled in accordance with the current applicable product specification.

## QC Testing

Representative products samples are collected and inspected in accordance with current applicable QC requirements.

## Product Specifications

| <b>BSE/TSE</b>                   | <p>Tallow derived additives may be used in the manufacture of the raw materials. These tallow derived additives are in compliance with the guidance EMA/410/01 Rev. 3 – July 1, 2011 “Minimizing the risk of transmitting animal spongiform encephalopathy agents via human and veterinary medicinal products”, adopted by the European Commission and published in the Official Journal of the European Union March 5, 2011 (2011/C 73/01).</p> <p>To the best of our knowledge, these treatments ensure inactivation of any agents present in the tallow derivatives to be used in plastics materials. We therefore can state that this grade is considered safe to use with respect to BSE and TSE transmissions.</p> |
| <b>Cytotoxicity</b>              | Not applicable.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| <b>Non-Pyrogenic Statement</b>   | Not applicable.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| <b>Latex Statement</b>           | Not applicable.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| <b>BPA Statement</b>             | Not applicable.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
