

Biology

From the highest quality living and preserved specimens to the widest selection of media, microscope slides, and more, we have more options for your biology classroom than anywhere else.

Instruments and Tools Included in this Kit:

- Instructor's manual
- chromatography vials
- Chromatography solvent solutions A, B, and C
- chromatography paper
- dialysis tubing
- Benedict's solution
- Biret solution
- Hydrochloric acid
- Sodium hydroxide
- Starch
- Glucose
- Albumin
- Pepsin
- Ascorbic acid
- Iodine solution
- Sudan IV solution
- Sodium bicarbonate solution
- Acetone
- Vegetable oil
- Ninhydrin
- 2, 6 Dichloroindophenol
- Dye mixture
- Amino acid mixture
- pH paper
- filter paper
- plastic transfer pipets
- plastic loading pipets
