| <b>Date of Issue (yyyy-mm-dd)</b> | 2026-01-28                                                                                                                                                                                                                                                                 |

## Quality System Compliance

This certificate confirms that the product has been sourced from a supplier or manufacturer who has declared their Quality Management System (QMS) complies with **ISO 9001:2015**.

## QC Testing

Representative product sensors are individually tested according to quality procedure DOP-Q126.

## Product Specifications

|                                |                                                                                                                |
|--------------------------------|----------------------------------------------------------------------------------------------------------------|
| <b>Material</b>                | Epoxy.                                                                                                         |
| <b>Sterilization</b>           | Product is chemical treated and they meet a minimum requirement of 10 <sup>-6</sup> Sterility assurance level. |
| <b>ATP Assay</b>               | Not Applicable.                                                                                                |
| <b>DNase &amp; RNase Free</b>  | Not Applicable.                                                                                                |
| <b>BSE/TSE</b>                 | Not Applicable.                                                                                                |
| <b>Cytotoxicity</b>            | Not Applicable.                                                                                                |
| <b>Non-Pyrogenic Statement</b> | Not Applicable.                                                                                                |
| <b>Latex Statement</b>         | Not Applicable.                                                                                                |

|                           |                                                                                                                                                                                                                                                                                                                                                                      |
|---------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>BPA Statement</b>      | Not Applicable.                                                                                                                                                                                                                                                                                                                                                      |
| <b>DEHP Statement</b>     | Please see RoHS information below.                                                                                                                                                                                                                                                                                                                                   |
| <b>RoHS</b>               | No substances (Lead, Cadmium, Mercury, Hexavalent Chromium (Cr6+), Poly Brominated Biphenyls (PBB), Poly Brominated Diphenyl ethers (PBDE), Bis(2-Ethyhexyl) Phthalate (DEHP), Benzyl Butyl Phthalate (BBP), Dibutyl Phthalate (DBP), Diisobutyl Phthalate (DIBP)) are used in manufacturing the raw materials and final product. No routinely analyse is performed. |
| <b>REACH Statement</b>    | No substances as listed on >Substance of Very High Concern< candidate list are used in manufacturing of the raw materials used to produce this product. No routinely analysis is performed.                                                                                                                                                                          |
| <b>Storage Conditions</b> | 0° C - 50° C, wet.                                                                                                                                                                                                                                                                                                                                                   |
| <b>Shelf Life</b>         | 1 year from date marked on the product.                                                                                                                                                                                                                                                                                                                              |

Disclaimer: VWR's Quality Management System (QMS) is ISO 9001:2015 certified as a wholesale distributor of finished products, ensuring effective oversight of finished product handling, traceability, and distribution processes. VWR is not a manufacture and does not engage in manufacturing, co-manufacturing or processing activities such as design, packaging, labeling, testing or quality release. Consequently, the supplier or manufacturer's QMS certification may differ from VWR's.

VWR states that this declaration will not discharge the user from their obligation to ensure the product is suitable for the intended use. This product is intended for research use only. It is not for use in diagnostic procedures, therapeutic applications, or any human or clinical use.
