

Quick Ship Lockers specifications

Construction:

Unit is constructed using 3/4" thick particle board with thermal-fused laminate on both sides with 1" TFL top over 3/4" subtop. Fully finished back and all edges are finished using 3mm PVC edge banding.

Assembly:

Each unit is factory assembled using dowel construction.

Locker Components:

Each unit features 6-point adjustable nickle finish European hinge, key captive deadbolt lock and 2 hooks / 1 shelf (T1); 2 hooks (T2 / T3); and no hooks (T5). Each locker has integrated levelers in each corner which are accessible from the inside.

Options:

Recessed number plates either round or rectangle. Integrated locks. Custom options include: keyed combination lock, cam padlock hasp; camp padlock hasp with pull; Digilock electronic lock; and digital combination lock. Mirror, fixed shelves, garment rod, shoe cubbies, drawers and finishing panels available.
