

Material	BDH7242-1
Material description	Potassium chloride saturated aqueous solution
CAS Number	7447-40-7
Molecular formula	KCl
Molecular mass	74.55
Additional information	

Characteristics	Specifications
-----------------	----------------

Appearance	Clear liquid
Saturated product	Conforms
Prepared to formulation on file	Confirmed

Signature	Additional information
-----------	------------------------

We certify that this batch conforms to the specifications listed above.

This document has been produced electronically and is valid without a signature.
