

Green Cleaning

The T-Mop™ and M-Zone SnapMop™ Series

- Launderable/Reusable
- Up to 70% Less waste than traditional foam 'brick' style mops
- Light weight
- Autoclavable

Available in a variety of fabrics to address specific cleaning challenges

- Polyester—for general cleaning
- MegaTex—textured material for removing heavy soils or cleaning rough surfaces
- Microfiber—increased absorbency

NovaClean™ Floor Clean and Lab & Glass Cleaner

- Bio-Degradable
- Low Sodium
- Free Rinsing
- Filtered to 0.1 Microns

All purpose surfactant based cleanroom cleaners. Their fine filtration and purity lend themselves to applications in the pharmaceutical and biotech industries as detergents in 'neutral cleans' when a kill rate is not required.

MegaClean™ Heavy Duty Cleaner

- Safe alternative to toxic and flammable solvents
- Non-flammable
- Bio-Degradable
- Water Soluble
- Filtered to 0.1 Microns

Stainless Steel Cleaner

- No Drip Gel Formula
- Phosphorus Free
- Biodegradable
- No VOC's
- Non Atomized—Will Not Impact Air Quality

Autoclave Indicator Tape

- Green indicator lines change to black once sterilization is complete
- RoHS Compliant
- Lead Free
- 1" x 60 Yard Roll
