3. Composition / information on ingredients

Substance/Preparation

Substance

Chemical name*

Sephadex (bead formed cross-linked dextran)

CAS no.

-

%

100

EC number

-

Classification

Not classified.

9. Physical and chemical properties

Physical state

Solid. [Solid beads.]

Color

White to yellowish.

16. Other information

History

Date of printing

25 February 2009

Date of previous issue

21 December 2006

Date of issue

25 February 2009

Version

4

Notice to Reader

To the best of our knowledge, the information contained herein is accurate. However, neither the above-named supplier, nor any of its subsidiaries, assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.

This is not an MSDS. According to EU and US regulations we are not required to supply an MSDS for a product which is not classified as hazardous.
