

New Special Pricing on Arium® Mini

Compact, Innovative Water Purification Systems

Arium® Mini Innovation for Efficient Research

Ultrapure water is the basis for successful analyses. Yet analytical methods are becoming more and more sensitive and thus more susceptible to interference. Consistently high water quality is decisive in ensuring the reproducibility of your results and in preventing time-consuming repeat analyses.

Arium® Mini Benefits

Reliable

Delivers consistently high water quality for reliable and reproducible results; optionally available with UV lamp

Intuitive

Easy to operate using the touch-activated color display; with direct access to all important dispensing options.

Innovative

Depending on the model type, with unique Bagtank technology to save you from the hassle of time-consuming tank cleaning

Compact

Space-saving footprint with a width of only 28 cm to easily fit in any lab environment

Special Pricing Offer!

Arium Mini now with special pricing offered only through VWR Avantor!
