

Fits in. Stands out.

Take advantage of these special offers

Packages designed around your applications.
Order your centrifuge, rotor and accessories with 1 part number.

- Cell culture
- Multi-application
- Microplate and molecular biology

Thermo Scientific™ Heraeus™ benchtop centrifuges

Fits in.

- To your space, with compact designs
- To your processes and protocols, with complete application-focused packages
- To your future, with a 3-year centrifuge warranty¹ on select packages

Stands out.

Featuring innovative Thermo Scientific™ technologies:

- Secure, push-button rotor exchange in as little as 3 seconds with Auto-Lock™ rotor exchange
- Outstanding ergonomics and performance with Fiberlite™ carbon fiber rotors
- One-handed, certified² sample protection by ClickSeal™ biocontainment lids
- Plus, powerful performance with swing-out capacities up to 4 L and fixed angle rotor speeds over 30,000 x g

¹ Restrictions apply. Please see thermofisher.com/spinwarranty for complete warranty offer and coverage details.

² Biocontainment certification by Public Health England, Porton Down, UK.

3-YEAR
CENTRIFUGE
WARRANTY¹

Cell culture packages

Swing-out packages developed for 50 and 15 mL conical tubes. Excellent for cell culture and general life science applications.

Choose for:

- High performance—spin tubes up to 4,816 x g for fast separations
- High capacities from 4 to 40 x 50 mL tubes and 20 to 96 x 15 mL tubes for high throughput
- ClickSeal biocontainment lids designed for user and sample contamination protection

- Optimized deceleration rates for delicate eukaryotic cell pellets, maintaining high yields

Centrifuge	Cat. No.	Package includes
4 L high performance and high throughput 40 x 50 mL tubes up to 4,200 rpm/4,122 x g (refrigerated) or up to 3,800 rpm/3,374 x g (ventilated)		<div style="background-color: red; color: white; padding: 5px; display: inline-block;">3-YEAR CENTRIFUGE WARRANTY¹</div>  <ul style="list-style-type: none"> • TX-1000 rotor with Slide Coat anti-friction finish <ul style="list-style-type: none"> – TX-1000 aerodynamic buckets (set of 4) – TX-1000 ClickSeal biocontainment lids (set of 4) – Adapters 40 x 50 mL conical – Adapters 96 x 15 mL conical
Heraeus Multifuge X3FR floor-standing refrigerated centrifuge	10324-280	
Heraeus Multifuge X3F floor-standing ventilated centrifuge	10324-282	
Heraeus Multifuge X3R refrigerated centrifuge	10033-778

³ Subject to Thermo Fisher Scientific's standard limited warranty. See thermofisher.com or your VWR sales representative for details.

Multi-application packages

Multi-rotor packages developed for multi-application environments, meeting your lab's evolving needs with outstanding flexibility and performance.

Choose for:

- Auto-Lock rotor exchange allows you to safely change rotors and applications in as little as 3 seconds with just a push of a button
- High-speed performance for quick spins and fast results
- Large selection of optional rotors and accessories to accommodate a wide variety of tubes
- Fixed angle flexibility with a choice of standard aluminum or high-performance, high-capacity Fiberlite carbon fiber rotors

Centrifuge	Cat. No.	Package includes
4 L high throughput swing-out and high-capacity fixed angle		
40 x 50 mL tubes up to 4,200 rpm/4,122 x g (refrigerated) or 3,800 rpm/3,374 x g (ventilated), and 6 x 250 mL tubes up to 10,000 rpm/15,317 x g

Microplate and molecular biology packages

Supporting a wide variety of micro-volume solutions with small footprints, high capacities and quiet operation.

Choose for:

- Microplate rotors with capacities from 4 to 24 standard microplates, many with optional certified² biocontainment
- ClickSeal biocontainment lids allow access to samples in seconds
- MicroClick rotors feature extended necks, designed specifically for nucleic acid purification kits
- High speed performance up to 30,279 x g for fast spins and outstanding separations

Centrifuge	Cat. No.	Package includes
High throughput microplate		
24 standard microplates up to 4,200 rpm/4,122 x g (refrigerated) or 3,800 rpm/3,374 x g (ventilated)		
Heraeus Megafuge 40R refrigerated centrifuge	10306-044	 <ul style="list-style-type: none"> • 3-YEAR CENTRIFUGE WARRANTY¹ • TX-1000 rotor with Slide Coat anti-friction finish <ul style="list-style-type: none"> – TX-1000 aerodynamic buckets (set of 4) – TX-1000 ClickSeal biocontainment lids (set of 4) – Microplate adapters (set of 4)
Heraeus Megafuge 40 ventilated centrifuge	10306-046	
High performance microplate		
16 standard microplates up to 4,700 rpm/4,816 x g		
Heraeus Multifuge X3R refrigerated centrifuge	97040-394	 <ul style="list-style-type: none"> • 3-YEAR CENTRIFUGE WARRANTY¹ • TX-750 rotor with Slide Coat anti-friction finish <ul style="list-style-type: none"> – TX-750 Microplate buckets (set of 4)
Heraeus Multifuge X3 ventilated centrifuge	97040-392	
1.6 L high throughput molecular biology		
16 x 50 mL tubes up to 5,000 rpm/4,696 x g and 30 microtubes up to 14,000 rpm/21,693 x g		
Heraeus Multifuge X1R refrigerated centrifuge	10304-266	 <ul style="list-style-type: none"> • 3-YEAR CENTRIFUGE WARRANTY¹ • TX-400 rotor with Slide Coat anti-friction finish <ul style="list-style-type: none"> – TX-400 buckets (set of 4) – TX-400 ClickSeal biocontainment lids (set of 4) – Adapters 16 x 50 mL conical – Adapters 36 x 15 mL conical • MicroClick 30 x 2 rotor (prep kit compatible)
Heraeus Multifuge X1 ventilated centrifuge	10304-268	
580 mL high performance molecular biology		
4 x 50 mL tubes up to 4,500 rpm/3,260 x g and 24 microtubes up to 17,850 rpm/30,279 x g		
Heraeus Megafuge 8R refrigerated (centrifuge only)	10119-454	 <ul style="list-style-type: none"> • 2-YEAR CENTRIFUGE WARRANTY³ • Microplate package <ul style="list-style-type: none"> – M10 swinging bucket rotor – Unsealed buckets (set of 2) • MicroClick 30 x 2 rotor package <ul style="list-style-type: none"> – MicroClick 30 x 2 rotor
Heraeus Megafuge 8 ventilated (centrifuge only)	89423-728	
Microplate rotor package (centrifuge not included)	89423-735	
MicroClick 30 x 2 rotor (centrifuge not included)	89423-736	

¹ Restrictions apply. Please see thermofisher.com/spinitwarranty for complete warranty offer and coverage details.

² Biocontainment certification by Public Health England, Porton Down, UK.

³ Subject to Thermo Fisher Scientific's standard limited warranty. See thermofisher.com or your VWR sales representative for details.

Increase your package flexibility even further with add-ons

After you choose your application-focused package, simply select from complementary Thermo Scientific products to further enhance your lab's processing capabilities.

To enhance your cell culture performance

More scientists worldwide trust their valuable cultures to Thermo Scientific CO₂ incubators than any other brand. They depend on proven reliability, exceptional contamination prevention and optimal growing conditions. Delivered with innovative features like HEPA air filtration that surrounds cells with clean roomlike air quality and a choice of 100% pure copper or polished stainless steel interior surfaces. Plus a high-temperature decontamination function that eliminates the need for autoclaving and handling components. The inside story is simple: our CO₂ incubators let you culture with complete confidence. Day after day. Year after year.
