

Deuterium Lamps for HPLC and UV-Visible Light Spectroscopy

- Manufactured in an ISO-accredited Facility
- Individually Tested and Issued with a Test Certificate
- Full Traceability from Manufacture Through to Customer Delivery

Deuterium Lamps for HPLC and UV-Visible Light Spectroscopy

Our Spex range of deuterium (D2) lamps are made to fit the majority of detectors used in analytical labs today. Our lamps are used by many of the major pharmaceutical and contract research organizations (CROs) around the globe.

Our lamps are manufactured under stringent ISO 9001 quality procedures. Each lamp is manufactured to rigorous standards and traceable from manufacturing to customer delivery.

When you choose a Spex D2 lamp, you receive the quality you need at a savings you deserve. With the lamps' constant intensity of light, stable spectrum and long lifespan of up to 2,000 hours, you can achieve continuous reliable results.
