

Certificate of Quality

FILTER HOLDER 25mm

Filter Holder 25mm 200ml

Part Number: 4203

Lot Number: 080824

Pall Corporation certifies that the specified product meets or exceeds our specifications and criteria for release.

Product specifications, including materials of construction and performance specifications are available on www.pall.com/laboratory where the datasheet for the above part number can be viewed or downloaded.

Please note our new quality certificate format which is being introduced across product lines and address any questions to Lab_Quality@pall.com

Process Quality Systems

The manufacturing release site is signified in the footer of this certificate. The Quality Management System for our manufacturing release site are certified to ISO 9001:2015. ISO Site Certifications are held in quality section of our website at <https://www.pall.com/en/about-pall/quality/pall-site-certifications.html>. These products / product packaging carry a lot number / date code to facilitate traceability to suppliers' materials and Pall production records. Users should satisfy themselves that these materials are suitable for use in their specific application.

For compliance statements, visit our website: <https://www.pall.com/en/about-pall/quality.html>

Pall Laboratory products are designed for laboratory applications only. This product is not approved for use in medical, clinical, surgical or other patient applications.
